NOTES ON NEWS OF THE DAY.

Ex-Senator Rollins, who was believed a fortnight ago to have received a fatal stroke of paralysis in Boston, has recovered sufficiently to go home to Concord.

Ex-Speaker Cole shows letters from 48 Republican Assemblymen containing what he calls iron-clad pledges for his election. This is sufficient to give him a majority in the caucus. Gen. Husted treats his claim with derision, and exhibits his usual ante-caucus confidence.

The Kingston City Philharmonic Society has completed arrangements for its first annual festival, and in addition to a splendid chorus of 250 voices, it presents a list of noted singers seldom brought together at a musical festival. Lovers of good music will have a rare treat during the coming week.

The deficiency in the Postoffice Department is down to $3,300,000, while the Treasury receipts still largely exceed the expenditures. The most popular plan to reduce the surplus would be to give the people one cent letter postage. The Republican party is pledged to this in its platform, and we shall have it before 1890.

Senator Allison denies that he has either been offered or accepted the portfolio of the Treasury Department. John C. New asserts that Gen. Harrison has not yet come to any conclusion as to a single one of his Cabinet officers. These two statements probably convey all genuine information concerning Cabinet arrangements that is available at present.

How the victory was won is explained on the second page of this issue in an article from the Philadelphia *Press*. Chairman Quay had the sagacity to enlist the foremost business men of the country as earnest workers and co-operators. It was a business campaign; the issue was one that appealed directly to business interests, and the business men made Harrison President.

It is surprising that President Cleveland did not reiterate his views of the dangers of a second term in his last message. Having been entirely removed from those dangers himself by the people, he might with great propriety have offered a kindly warning to his successors. His case, if judiciously "improved," might have served as an example for the next century, and possibly have persuaded the people to regard second terms as objectionable as third. He has missed his last opportunity to get even with the man who defeated him.

William Ackert, who was engaged Saturday painting the new Manhattan bridge over the Harlem, accidentally fell from that structure into the water below, a height of 145 feet. He went down through a narrow space between several iron braces, and narrowly escaped striking the spiles below, with which the river is full. The water where he struck was only three feet deep, and he instantly arose and walked out without having received any injury, and returned to his work. The incident makes Steve Brodie sick with envy.

Some ideas of the greatness of Dakota are given in the report of the Interior Department. The wheat crop of 1887 was 62,553,499 bushels. This was larger than the crop of any single state. Other crops were: Oats, 43,267,478; corn, 24,511,726; barley, 6,400,568, and flax, 3,910,944. The assessment roll for 1888 is $161,420,974, while the actual wealth is $320,000,000. The bonded indebtedness is $1,098,800. The railroad mileage is 4,333 miles. And this great empire is still deemed by Democrats undeserving of statehood because the people prefer another party.

The total vote of the United States for President, not including Colorado, is 10,872,454. In 1884 the total vote was 10,052,706. The vote of Colorado that year was 65,971. Estimating the recent vote of that state at 80,000, the total increase in four years is 899,748. The states that did not increase their vote are Delaware, Maine, Mississippi and Nevada. The increase of New York was 149,991 or about one-sixth of the whole. Kansas gained 62,357 and Texas 32,066. Pennsylvania gained 98,680, Ohio 44,249, Minnesota 60,689, and Illinois 66,435. The North is gaining rapidly on the South, and the next apportionment will make a large transfer of Representatives and Electors to the former section.

Gen. Harrison went gunning this morning, and will shoot amongst the game of Indian for two days. Nobody knows where he has gone except his family. This is to enable him to get away from hunters for office, who would otherwise go a-gunning for him. He has a new gun presented by an admirer in Syracuse, and will test its accuracy upon quail. It is double-barreled, hammerless, and ornamented with a gold plate on which is inscribed "Protection to American Industry." But the game of the woods do not like the protection of that gun. They prefer the one that David B. Hill carries. For Mr. Hill sometimes goes a hunting and takes a gun along, but his most intimate friends assert that he never fired a gun in his life.

Idleness in the state prisons is making the convicts sick, and the kind-hearted wardens take them out every day and march them around. On the outside of the prisons may be found thousands of fat and healthy idlers, who would regard a forced march with holy horror unless it brought them to a dinner at the end. Many of the feeble and failing inmates of the prisons belonged to this class when at home, and their old acquaintances will be surprised to learn that they are dying for lack of work. There is a vast amount of lying and humbuggery in our prison management. The solicitude of the officials, as the time for the assembling of the Legislature approaches, is for a fat appropriation with which to set in operation the prison industries that interfere with outside labor, and force honest and industrious men into idleness. The state will yet have to buy a penal colony in Alaska, and set the convicts to fencing themselves in with a Chinese wall.

IN CONGRESS THIS DAY

Business Transacted in the House And Senate.

THE FIRE RECORD.

Valuable Property Destroyed in Several Localities.

A CRASH ON THE RAIL.

A Conductor Killed and Several Other Employes Injured in Ohio, this Morning.

By Telegraph to The Freeman.

WASHINGTON, Dec. 5.—In his opening prayer in the House, to-day, the Chaplain commended to the Almighty protection the President elect in the following words: "Amidst the perplexities by which he is beset under the solemn sense of responsibility of his great trust, grant him the sense of Thy presence and comfort, guard his person from all peril and danger, preserve him in perfect health of body and of mind, vouchsafe him light and cheer, and be Thou the strength of his heart and his portion forever."

Mr. Richardson, from the Committee on Printing, reported a resolution for the printing of 25,000 copies of the President's message. Adopted.

Bills introduced: By Mr. Oates, to regulate immigration. By Mr. Vandever, to divide the State of California into two states. By Mr. Morrow, a resolution calling on the Secretary of the Treasury for information concerning the relief of American whaling and fishing vessels in Behring Sea and the Arctic Ocean. By Mr. Stewart, of Georgia, to establish a graduated income tax, the proceeds of which shall be applied to the payment of pensions. By Mr. Anderson, of Kansas, a resolution directing the Inter-State Commerce Commission to inform the House, after due and prompt investigation, in what way and to what extent railway companies, carrying interstate traffic, may be, or are evading, or by clearing house or other form of combination, may be seeking to evade those provisions of the Interstate Commerce Act which were intended to secure to the people the benefits of low freight rates, as the result of competition among carriers. The Commission is requested to inform the House what legislation may be most effective to prevent combinations for the purpose of fixing or maintaining agreed or uniform freight rates. By Mr. Beckinridge, of Kentucky, making the International Copyright bill a special order for December 19. By Mr. Rayner, of Maryland, making the Postal Telegraph bill a special order for December 14. By Mr. Cummings, of New-York, for the construction of two steel cruisers to be armed with dynamite guns and torpedo throwers; also for the construction of two steel rams to be armed with heavy rifled dynamite guns and torpedo-throwers.

Mr. Springer asked unanimous consent for the immediate consideration of a resolution making the "omnibus" bill for the admission of Dakota, Montana, Washington and New-Mexico a special order for to-day—the bill to be considered from day to day until disposed of.

Mr. Grosvenor objected, remarking that the gentleman from Illinois had not appeared very anxious last session to admit Dakota. In the morning hour the House proceeded to consider the Senate bill, for the adjustment of the accounts of laborers, workmen and mechanics arising under the eight-hour law.

Mr. Tarsney [in charge of the bill] briefly explained that the bill carried no appropriation, but simply provided that the workmen could go before the Court of Claims and have there settled the question of the legal construction of the contract between themselves and the Government. If the Government had incurred an obligation it was in honor bound to pay it.

The House has made the direct tax bill a special order for Thursday, Saturday and Tuesday, a final vote to be taken at 4 o'clock on the latter day.

IN THE SENATE.

By Telegraph to The Freeman.

WASHINGTON, Dec. 6.—In the Senate, today, when the tariff bill was taken up at 12:30, Mr. Harris, of Tennessee, moved to lay on the table the aemndment to the House bill proposed by the Committee on Finance, which is the whole Senate bill, and demanded the yeas and nays.

Mr. Turpie, however, called for the reading of the amendment and it was proceeded with.

Mr. Harris motion was then rejected by a strict party vote, yeas 19, nays 26.

The Senate has agreed to take up the Union Pacific funding bill for consideration next Wednesday at 2 o'clock.

R. R. COLLISION NEAR YOUNGSTOWN.

A Conductor Killed and Several Other Railroad Employes Severely Injured.

By Telegraph to The Freeman.

YOUNGSTOWN, O., Dec. 5.—A wreck occurred five miles north of here, this morning, on the Sharon branch of the Lake Shore Road. A mixed passenger train collided with a freight train, on a curve, while both trains were running at 40 miles an hour. Conductor James Kennedy, of the passenger train, was instantly killed, and James McCoy, fireman, and Patrick Reilly, a brakeman, were fatally injured. Albert Lindsay, the engineer, was badly hurt, but will recover. Both engines and 10 cars were wrecked, involving a loss of $10,000. The conductor and the injured men all reside at Youngstown. The engineer of the freight train heard the passenger train coming but supposed it was on the adjoining track of the New-York, Pennsylvania & Ohio Railroad.

The Case of an Irish Constable.

By Cable to The Freeman.

LONDON, Dec. 5.—The statements of Home Secretary Matthews and J. Moreley were submitted to the Sheehy Committee, yesterday, and led to a long discussion. Finally Mr. Healy's suggestion that a breach of privilege had been committed was unanimously accepted. No proceedings were taken against Constable Sullivan, however, and the Committee adjourned until Friday, when they will discuss whether the Irish authorities are blamable for failing to give proper instructions to the Constable.

SERIOUS FIRES REPORTED TO-DAY.

Thousands of Dollars' Worth of Property Go Up in Smoke in Places Far Apart.

By Telegraph to The Freeman.

CLEVELAND, O., Dec. 5.—The extensive lumber yards of Woods, Jenks & Co., at the west end of this City, were fired by an incendiary at 4 o'clock this morning. Five acres of sawed lumber were destroyed. Loss, $50,000. A week ago last Saturday night the same yards were set on fire, and $6,000 worth of lumber was burned.

SYRACUSE, N. Y., Dec. 5.—Fire last night destroyed the old Prescott School House, occupied by several manufacturing firms, and a four-story brick building, occupied by several other manufacturing concerns. The total loss will be about $60,000.

A portion of the Cortland Wagon Works, at Cortland, was burned at 1 o'clock, this morning. The flames originated in the blacksmithing department which was destroyed, together with the wood-working and finishing room. The works are extensive, and it was owing to the heroic efforts of the fire department that the rest of the buildings were saved. The Cortland Wagon Works are the chief industry at that place, affording employment to upwards of 500 men. State Treasurer Fitzgerald is President of the Company, Hugh Duffy Vice-President and Superintendent, and J. Straat Treasurer. The Company hold an insurance for $211,000, which will probably cover the loss. The loss on the three buildings burned will be upwards of $50,000, while upon stock and machinery it will range from $100,000 to $150,000. The cause of the fire is unknown, but it is believed to have been spontaneous combustion. The works will be rebuilt, as soon as the insurance is adjusted.

MONTREAL, Dec. 5.—Fire broke out last night in the warehouse of Lymen, Sons & Co., wholesale druggists, and caused a loss of $100,000. Four firemen were badly injured.

LAND OUT IN WYOMING.

Opened for Individual Settlement —The Land Described.

JOHN BRIGHT VERY ILL.

His Death May Occur at Any Minute, 'Tis Said—Other Telegraph and Cable News.

By Telegraph to The Freeman.

CHICAGO, Dec. 5.—The *Times* says it is reported that eastern capitalists have been for some time considering a scheme that is of much greater magnitude than the collapsed clearing house arrangement. It provides for the creation of a syndicate which is to secure a controlling interest in all western railroads and manage them as one system. Railroad men who have been interviewed on the subject, however, say they know nothing about it.

The Chicago & Atlantic [Erie] has definitely determined not to accept the differential of five cents on dressed beef rates to New-York fixed for it by the meeting last week, but will make a differential of six and a half cents, or a rate of 43½ cents to New-York, that being on the basis of 15 per cent. of the regular rate as awarded to it by Chairman Fink last spring.

MORE LAND RECOVERED IN WYOMING.

It Will Now be Opened for Individual Settlement, and is All Available.

By Telegraph to The Freeman.

CHEYENNE, Wyoming, Dec. 5.—In the matter of 55 desert land entries, held for cancellation by the General Land Office, decisions were rendered yesterday by Register Wilson and Receiver Garrard, of the Cheyenne Land Office, which cancel 51 of the entries, covering 60,000 acres, and dismisses four. Forty-six of the entrymen live in New-York, Massachusetts and New-Jersey, five in Wyoming, and four cannot be found. The entries were made in the interest of Thomas Sturgis, the Union Cattle Company, and the Goshen Hole Irrigating Company, of this Territory. In each case the defense moved to dismiss for lack of jurisdiction, but the motions were overruled. The land which will be opened for individual settlement embraces one of the finest districts in Eastern Wyoming, and is all available as farming lands.

NOTES ON NEWS OF THE DAY.

EX-SENATOR ROLLINS, who was believed a fortnight ago to have received a fatal stroke of paralysis in Boston, has recovered sufficiently to go home to Concord.

EX-SPEAKER COLE shows letters from 48 Republican Assemblymen containing what he calls iron-clad pledges for his election. This is sufficient to give him a majority in the caucus. Gen. Husted treats his claim with derision, and exhibits his usual ante-caucus confidence.

THE Kingston City Philharmonic Society has completed arrangements for its first annual festival, and in addition to a splendid chorus of 250 voices, it presents a list of noted singers seldom brought together at a musical festival. Lovers of good music will have a rare treat during the coming week.

THE deficiency in the Postoffice Department is down to $3,300,000, while the Treasury receipts still largely exceed the expenditures. The most popular plan to reduce the surplus would be to give the people one cent letter postage. The Republican party is pledged to this in its platform, and we shall have it before 1890.

SENATOR ALLISON denies that he has either been offered or accepted the portfolio of the Treasury Department. John C. New asserts that Gen. Harrison has not yet come to any conclusion as to a single one of his Cabinet officers. These two statements probably convey all genuine information concerning Cabinet arrangements that is available at present.

How the victory was won is explained on the second page of this issue in an article from the Philadelphia *Press*. Chairman Quay had the sagacity to enlist the foremost business men of the country as earnest workers and co-operators. It was a business campaign; the issue was one that appealed directly to business interests, and the business men made Harrison President.

IT is surprising that President Cleveland did not reiterate his views of the dangers of a second term in his last message. Having been entirely removed from those dangers himself by the people, he might with great propriety have offered a kindly warning to his successors. His case, if judiciously "improved," might have served as an example for the next century, and possibly have persuaded the people to regard second terms as objectionable as third. He has missed his last opportunity to get even with the man who defeated him.

WILLIAM ACKERT, who was engaged Saturday painting the new Manhattan bridge over the Harlem, accidentally fell from that structure into the water below, a height of 145 feet. He went down through a narrow space between several iron braces, and narrowly escaped striking the spiles below, with which the river is full. The water where he struck was only three feet deep, and he instantly arose and walked out without having received any injury, and returned to his work. The incident makes Steve Brodie sick with envy.

SOME ideas of the greatness of Dakota are given in the report of the Interior Department. The wheat crop of 1887 was 62,553,499 bushels. This was larger than the crop of any single state. Other crops were: Oats, 43,267,478; corn. 24,511,726; barley, 6,400,568, and flax, 3,910,944. The assessment roll for 1888 is $161,420,974, while the actual wealth is $320,000,000. The bonded indebtedness is $1,098,800. The railroad mileage is 4,353 miles. And this great empire is still deemed by Democrats undeserving of statehood because the people prefer another party.

THE total vote of the United States for President, not including Colorado, is 10,872,454. In 1884 the total vote was 10,052,706. The vote of Colorado that year was 65,971. Estimating the recent vote of that state at 80,000, the total increase in four years is 899,748. The states that did not increase their vote are Delaware, Maine, Mississippi and Nevada. The increase of New York was 149,991 or about one-sixth of the whole. Kansas gained 62,357 and Texas 32,066. Pennsylvania gained 98,680, Ohio 44,249, Minnesota 60,689, and Illinois 66,435. The North is gaining rapidly on the South, and the next apportionment will make a large transfer of Representatives and Electors to the former section.

GEN. HARRISON went gunning this morning, and will shoot amongst the game of Indian for two days. Nobody knows where he has gone except his family. This is to enable him to get away from hunters for office, who would otherwise go a-gunning for him. He has a new gun presented by an admirer in Syracuse, and will test its accuracy upon quail. It is double-barreled, hammerless, and ornamented with a gold plate on which is inscribed "Protection to American Industry." But the game of the woods do not like the protection of that gun. They prefer the one that David B. Hill carries. For Mr. Hill sometimes goes a hunting and takes a gun along, but his most intimate friends assert that he never fired a gun in his life.

IDLENESS in the state prisons is making the convicts sick, and the kind-hearted wardens take them out every day and march them around. On the outside of the prisons may be found thousands of fat and healthy idlers, who would regard a forced march with holy horror unless it brought them to a dinner at the end. Many of the feeble and failing inmates of the prisons belonged to this class when at home, and their old acquaintances will be surprised to learn that they are dying for lack of work. There is a vast amount of lying and humbuggery in our prison management. The solicitude of the officials, as the time for the assembling of the Legislature approaches, is for a fat appropriation with which to set in operation the prison industries that interfere with outside labor, and force honest and industrious men into idleness. The state will yet have to buy a penal colony in Alaska, and set the convicts to fencing themselves in with a Chinese wall.

IN CONGRESS THIS DAY

THE FIRE RECORD.

Valuable Property Destroyed in Several Localities.

A CRASH ON THE RAIL.

A Conductor Killed and Several Other Employes Injured in Ohio, this Morning.

By Telegraph to The Freeman.

WASHINGTON, Dec. 5.—In his opening prayer in the House, to-day, the Chaplain commended to the Almighty protection the President elect in the following words: "Amidst the perplexities by which he is beset under the solemn sense of responsibility of his great trust, grant him the sense of Thy presence and comfort, guard his person from all peril and danger, preserve him in perfect health of body and of mind, vouchsafe him light and cheer, and be Thou the strength of his heart and his portion forever."

Mr. Richardson, from the Committee on Printing, reported a resolution for the printing of 25,000 copies of the President's message. Adopted.

Bills introduced: By Mr. Oates, to regulate immigration. By Mr. Vandever, to divide the State of California into two states. By Mr. Morrow, a resolution calling on the Secretary of the Treasury for information concerning the relief of American whaling and fishing vessels in Behring Sea and the Arctic Ocean. By Mr. Stewart, of Georgia, to establish a graduated income tax, the proceeds of which shall be applied to the payment of pensions. By Mr. Anderson, of Kansas, a resolution directing the Inter-State Commerce Commission to inform the House, after due and prompt investigation, in what way and to what extent railway companies, carrying interstate traffic, may be, or are evading, or by clearing house or other form of combination, may be seeking to evade those provisions of the Interstate Commerce Act which were intended to secure to the people the benefits of low freight rates, as the result of competition among carriers. The Commission is requested to inform the House what legislation may be most effective to prevent combinations for the purpose of fixing or maintaining agreed or uniform freight rates. By Mr. Beckinridge, of Kentucky, making the International Copyright bill a special order for December 19. By Mr. Rayner, of Maryland, making the Postal Telegraph bill a special order for December 14. By Mr. Cummings, of New-York, for the construction of two steel cruisers to be armed with dynamite guns and torpedo throwers; also for the construction of two steel rams to be armed with heavy rifled dynamite guns and torpedo-throwers.

Mr. Springer asked unanimous consent for the immediate consideration of a resolution making the "omnibus" bill for the admission of Dakota, Montana, Washington and New-Mexico a special order for to-day—the bill to be considered from day to day until disposed of.

Mr. Grosvenor objected, remarking that the gentleman from Illinois had not appeared very anxious last session to admit Dakota. In the morning hour the House proceeded to consider the Senate bill, for the adjustment of the accounts of laborers, workmen and mechanics arising under the eight-hour law.

Mr. Tarsney [in charge of the bill] briefly explained that the bill carried no appropriation, but simply provided that the workmen could go before the Court of Claims and have there settled the question of the legal construction of the contract between themselves and the Government. If the Government had incurred an obligation it was in honor bound to pay it.

The House has made the direct tax bill a special order for Thursday, Saturday and Tuesday, a final vote to be taken at 4 o'clock on the latter day.

IN THE SENATE.

By Telegraph to The Freeman.

WASHINGTON, Dec. 6.—In the Senate, today, when the tariff bill was taken up at 12:30, Mr. Harris, of Tennessee, moved to lay on the table the aemndment to the House bill proposed by the Committee on Finance, which is the whole Senate bill, and demanded the yeas and nays.

Mr. Turpie, however, called for the reading of the amendment and it was proceeded with.

Mr. Harris motion was then rejected by a strict party vote, yeas 19, nays 26.

The Senate has agreed to take up the Union Pacific funding bill for consideration next Wednesday at 2 o'clock.

R. R. COLLISION NEAR YOUNGSTOWN.

A Conductor Killed and Several Other Railroad Employes Severely Injured.

By Telegraph to The Freeman.

YOUNGSTOWN, O., Dec. 5.—A wreck occurred five miles north of here, this morning, on the Sharon branch of the Lake Shore Road. A mixed passenger train collided with a freight train, on a curve, while both trains were running at 40 miles an hour. Conductor James Kennedy, of the passenger train, was instantly killed, and James McCoy, fireman, and Patrick Reilly, a brakeman, were fatally injured. Albert Lindsay, the engineer, was badly hurt, but will recover. Both engines and 10 cars were wrecked, involving a loss of $10,000. The conductor and the injured men all reside at Youngstown. The engineer of the freight train heard the passenger train coming but supposed it was on the adjoining track of the New-York, Pennsylvania & Ohio Railroad.

The Case of an Irish Constable.

By Cable to The Freeman.

LONDON, Dec. 5.—The statements of Home Secretary Matthews and J. Moreley were submitted to the Sheehy Committee, yesterday, and led to a long discussion. Finally Mr. Healy's suggestion that a breach of privilege had been committed was unanimously accepted. No proceedings were taken against Constable Sullivan, however, and the Committee adjourned until Friday, when they will discuss whether the Irish authorities are blamable for failing to give proper instructions to the Constable.

SERIOUS FIRES REPORTED TO-DAY.

Thousands of Dollars' Worth of Property Go Up in Smoke in Places Far Apart.

By Telegraph to The Freeman.

CLEVELAND, O., Dec. 5.—The extensive lumber yards of Woods, Jenks & Co., at the west end of this City, were fired by an incendiary at 4 o'clock this morning. Five acres of sawed lumber were destroyed. Loss, $50,000. A week ago last Saturday night the same yards were set on fire, and $6,000 worth of lumber was burned.

SYRACUSE, N. Y., Dec. 5.—Fire last night destroyed the old Prescott School House, occupied by several manufacturing firms, and a four-story brick building, occupied by several other manufacturing concerns. The total loss will be about $60,000.

A portion of the Cortland Wagon Works, at Cortland, was burned at 1 o'clock, this morning. The flames originated in the blacksmithing department which was destroyed, together with the wood-working and finishing room. The works are extensive, and it was owing to the heroic efforts of the fire department that the rest of the buildings were saved. The Cortland Wagon Works are the chief industry at that place, affording employment to upwards of 500 men. State Treasurer Fitzgerald is President of the Company, Hugh Duffy Vice-President and Superintendent, and J. Straat Treasurer. The Company hold an insurance for $211,000, which will probably cover the loss. The loss on the three buildings burned will be upwards of $50,000, while upon stock and machinery it will range from $100,000 to $150,000. The cause of the fire is unknown, but it is believed to have been spontaneous combustion. The works will be rebuilt, as soon as the insurance is adjusted.

MONTREAL, Dec. 5.—Fire broke out last night in the warehouse of Lymen, Sons & Co., wholesale druggists, and caused a loss of $100,000. Four firemen were badly injured.

LAND OUT IN WYOMING.

Opened for Individual Settlement —The Land Described.

JOHN BRIGHT VERY ILL.

His Death May Occur at Any Minute, 'Tis Said—Other Telegraph and Cable News.

By Telegraph to The Freeman.

CHICAGO, Dec. 5.—The *Times* says it is reported that eastern capitalists have been for some time considering a scheme that is of much greater magnitude than the collapsed clearing house arrangement. It provides for the creation of a syndicate which is to secure a controlling interest in all western railroads and manage them as one system. Railroad men who have been interviewed on the subject, however, say they know nothing about it.

The Chicago & Atlantic [Eric] has definitely determined not to accept the differential of five cents on dressed beef rates to New-York fixed for it by the meeting last week, but will make a differential of six and a half cents, or a rate of 43½ cents to New-York, that being on the basis of 15 per cent. of the regular rate as awarded to it by Chairman Fink last spring.

MORE LAND RECOVERED IN WYOMING.

It Will Now be Opened for Individual Settlement, and is All Available.

By Telegraph to The Freeman.

CHEYENNE, Wyoming, Dec. 5.—In the matter of 55 desert land entries, held for cancellation by the General Land Office, decisions were rendered yesterday by Register Wilson and Receiver Garrard, of the Cheyenne Land Office, which cancel 51 of the entries, covering 60,000 acres, and dismisses four. Forty-six of the entrymen live in New-York, Massachusetts and New-Jersey, five in Wyoming, and four cannot be found. The entries were made in the interest of Thomas Sturgis, the Union Cattle Company, and the Goshen Hole Irrigating Company, of this Territory. In each case the defense moved to dismiss for lack of jurisdiction, but the motions were overruled. The land which will be opened for individual settlement embraces one of the finest districts in Eastern Wyoming, and is all available as farming lands.

POPULAR VOTE FOR PRESIDENT.

The *Tribune* has compiled the popular vote for President and Vice-President from official returns received from all the states except Colorado. The plurality for Harrison in that state is known to be 12,643, and we have therefore included it in the statement. Lack of space prevents us from including the Prohibition and Union Labor votes. The Republican and Democratic votes and pluralities are as follows:

STATES. (38)	1888. VOTES. Rep. Harrison.	Dem. Cleveland.	PLURALITIES. Rep. Harrison.	Dem. Cleveland.

Totals	5,185,799	5,296,703	476,585	574,846
Plurality				98,261

The plurality for Cleveland is 98,261, against 23,005 in 1885, a gain of 75,256. The gains came wholly from states in which a free suffrage is not permitted. Here are the gains in the states that still permit only one party to vote;

Louisiana	38,567
Alabama	25,753
Mississippi	22,374
Texas	14,453
Georgia	13,695
Tennessee	9,618
Florida	8,889
Arkansas	5,178
South Carolina	3,928
Total	142,455

The gain for Cleveland in these nine states over 1884 is 142,455. On the other hand, he sustained losses in every other Southern state in which the shotgun policy has been abandoned. These losses occurred in Delaware, Kentucky, Maryland, Missouri, North Carolina, Virginia and West Virginia. Their aggregate in these seven states was 31,904, leaving to Mr. Cleveland a net gain in the entire South of 110,551, or 12,290 more than his entire plurality.

In the 22 Northern states Gen. Harrison's net gain over Mr. Blaine is 35,825. These are the states in which there is no intimidation or interference with a free ballot. The moral value of such gains is worth more than gains of millions in states which permit only one party to vote.

A report came from West Virginia this morning that an error has been found in a recount which elects another Democrat. This will probably reduce the Republican majority on Gen. Clark's roll to five. In the Chattanooga (Tenn.) district both candidates have certificates, the Republican from the Governor and the Democrat from the Secretary of State. Even should Clark accept the Secretary's attestation the Republicans would still have a majority of three. This is enough to organize the House, and do justice to those Republicans who have been counted out. The honest Republican majority is 21, and at that figure it will stand before the close of the first session.

NOTHING SUCCEEDS LIKE SUCCESS.

There was a charter election yesterday in New Haven, and the Republicans swept the city for the first time in twenty years. New Haven has always been reckoned a Democratic stronghold, good for from 1,500 to 4,000 majority. But the Republican candidate for Mayor has a majority of over 500. Had this thing happened in November, the electoral vote of the state would have been given to Harrison by 2,000 majority.

In Plainfield, N. J., there was a Republican clean sweep. This city voted for Cleveland, but yesterday it elected a Republican Mayor and came out of the contest with eight Republican Councilmen in a total of eleven.

In Lawrence, Mass., a city that has always maintained a solid Democratic government, the Republican candidate for Mayor was elected by 1,200 majority. Every Councilman and every Alderman is a Republican.

The people are quick to recognize the fact that the Republican party is back in power to stay, and they take the first opportunity to exhibit their good will. The "inside track" is of valuable advantage after all, notwithstanding Mr. Cleveland's miserable luck.

A DECEPTIVE REPORT.

Secretary Fairchild has made a queer juggle of figures in his annual report, the object being to show a big surplus. In his statement for 1888 he shows a surplus in excess of expenditures of $119,612,116, and then reports that $46,584,565 of this surplus was applied to the sinking fund. In the estimates for 1889 he finds a surplus of $104,000,000, and omits all reference to the sinking fund. In his estimates for 1890 he includes the sinking fund of $47,800,000, as he should have done in the other years, and brings the surplus down to $53,432,512. The sinking fund is provided for by law, and is as properly a permanent expenditure as the salaries of President and Cabinet officers. The addition of that fund to the surplus in one instance, and the omission to provide for it in another, are both acts of flagrant dishonesty, and prove Fairchild to be unfit for his place. Mr. Manning gave the sinking fund its proper position in his reports.

AN ADVISORY COMMITTEE.

Leading Business Men Lend a Hand in the Harrison and Morton Campaign.

[From the Philadelphia Press.]

The recent Republican national canvass had some features of organization and direction which had never before been tried. It had its business as well as its political side. The two elements co-operated with remarkable unity and efficiency, and their union gave peculiar force and character to the campaign. It is well that, in the midst of misunderstandings and misstatements, some phases of the work should be presented in their true light.

The Chicago Convention authorized the National Committee to appoint an Advisory Committee. Experience had demonstrated the wisdom of such provision. The selection of a National Committee is largely fortuitous; it may or may not embrace representatives of all the forces which it is important to enlist in a campaign; and with a view to any possible exigencies the power should rest somewhere of supplementing its organization. Strong as the present National Committee is, it determined to strengthen itself still further by using this authority. Chairman Quay and his associates made their selections with great care and judgment. They decided to constitute the Advisory Committee wholly of representative business men everywhere known for their high character and personal standing, and so to give the business element a new force and position in politics, with all of the higher tone and better influence and greater responsibility which this involves. The Committee thus came to be made up of such leaders in the business world as John Wanamaker and Thomas Dolan of Philadelphia, James Seligman, Cornelius N. Bliss, H. K. Thurber, H. O. Armour, William L. Strong, John F. Plummer and Augustus Kountze of New-York, W. H. Russell and William Whitman of Boston, H. Clay Frick and John W. Chalfant of Pittsburg, Charles P. Taft of Cincinatti, S. W. Allerton of Chicago and others of like standing.

This Committee, with a unanimous recognition of his pre-eminence, made Mr. Wanamaker its Chairman and at once entered upon its work. Besides consulting and advising, its mission was to provide the ways and means of the campaign. The legitimate expenses of a national political canvass have come to be enormous. There is a great educational work to be done; a vast literature to be created and circulated; an army of speakers to be brought into the field; various organizations to be made and mobilized; machinery to be perfected for getting out the full vote; safeguards to be provided against fraud; all the immense enginery for persuading and marshalling at every fighting point the last score among six million voters. The Advisory Committee was direct, straightforward and unremitting in its labors. It created auxiliary committees at the important centres, and addressed itself most earnestly to the business interests of the country. The appeal was frank and forcible: "As patriots you believe Republican success vital to the welfare of the country; as business men you have a great stake in the issue of the contest; every instinct of good citizenship and business impels you to do your full part; we of the committee share with you the stake, the labor and the responsibility; we undertake to see a proper expenditure; the work is yours and we are your agents."

The appeal, coming from such a source and presented in such a way, found a hearty response. There has never been a campaign in which the business interests of the country were so thoroughly and cordially enlisted as in that for General Harrison. There has never been a campaign in which the business element has taken so active, so direct and so potential a part. In this contest more than ever before it was brought immediately in contact with the directing and working forces. The business men everywhere felt that they were impressing themselves on the canvass. If they could not all personally participate in the decisive management they felt that they were there through their representatives. Their active interest had a most salutary effect in keeping up the standard of Republican control, and their influence stamped itself on the whole tone and character of the canvass. The committee was, what its name implied. It was essentially an advisory body. It did not stand on the outside, but sat at headquarters. Chairman Quay showed his conception of the campaign by calling such men to his aid and counsel, and it is an evidence of his own strength and sagacity that he summoned the strongest men about him and won their confidence and support.

It is well to remember this character of the organization when we see so much of misconception or wilful distortion. The National Committee was never before surrounded by such influences. It gave the highest practical evidence of the integrity of the campaign it proposed to fight when it shared its work and counsels with such a body. When men bemoan the use of money which has become inseparable from our elections, though the amount is exaggerated, let them remember and rejoice at the movement which brings the most trusted and responsible business representatives to guide it in proper directions. The able, adroit and experienced politicians of the Committee of course brought the resources of their political skill into play, but they did it through legitimate channels. They never doubted that in a fair trial on the issue presented the country was with General Harrison and the Republican party, and their problem was not to gain unfair advantages. They saw from the beginning that it was a campaign which peculiarly involved the business interests and welfare of the nation, and they took the wisest possible course to engage the active and well directed support of the business elements.

No other single step of the canvass was so important as the constitution of this Advisory Committee. It was a new departure in the management of national campaigns. It was the first time that the business forces had been brought into such immediate participation in the practical direction, and its whole effect was admirable. It increased the dignity and the moral strength of the National Committee; it attested the good faith and honorable purpose of that body; and it augmented the public confidence. Such an organization was made all the more indispensable in view of the fact that the old reliance upon the office-holders had ceased, and it becomes all the more valuable as inaugurating a new and better way. The enlistment of business men in politics is full of promise for the country, and not least among the good things of the memorable campaign of 1888 is the fact that it has witnessed their organized activity in more important and responsible relations than ever before.

RHEUMATISM

Is undoubtedly caused by lactic acid in the blood. This acid attacks the fibrous tissues, and causes the pains and aches in the back, shoulders, knees, ankles, hips and wrist. Thousands of people have found in Hood's Sarsaparilla a positive cure for rheumatism. This medicine, by its purifying action, neutralizes the acidity of the blood, and also builds up and strengthens the whole body.

"Woman! be fair, we must adore thee;
Smile, and a world is weak before thee"!

But how can a woman smile when she is suffering untold misery from complaints from which we men are exempt? The answer is easy. Dr. Pierce's Favorite Prescription is an infallible remedy in all cases of "female weakness," morning sickness, disorders of the stomach, nervous prostration, and similar maladies. As a powerful invigorating tonic it imparts strength to the whole system, and to the womb and its appendages in particular. As a soothing and strengthening nervine it subdues nervous excitability, irritability, exhaustion, prostration, hysteria, spasms and other distressing, nervous symptoms, commonly attendant upon functional and organic disease of the womb. It induces refreshing sleep and relieves mental anxiety and despondency. Sold by druggists, under a positive guarantee, from the manufacturers, to give satisfaction.

I have had catarrh for 20 years, and used all kinds of remedies without relief. Mr. Smith, druggist, of Little Falls, recommended Ely's Cream Balm. The effect of the first application was magical, it allayed the inflammation and the next morning my head was as clear as a bell. One bottle has done me so much good that I am convinced its use will effect a permanent cure. It is soothing, pleasant and easy to apply, and I strongly urge its use by all sufferers. HOW I SUFFERED.

Seventeen Years from a Skin Disease. Could Not Walk or Dress Myself. A Mass of Disease from Head to Foot. Cured in Eight Weeks by the Cuticura Remedies.

At the age of three months a rash [which afterwards proved to be eczema or salt rheum] made its appearance on my face. A physician was called. He said teething was the cause; he prescribed some cooling medicine, but the sores spread to my ears and head. Another M. D. was called. He professed to know all about the case, called it "King's Evil," and prescribed gunpowder, brimstone and lard mixed into a salve; but the disease continued. They could not do anything with it. Another prescribed borax, water and flour; another linseed poultices. None of them did me any good at all, but made me worse. The disease continued unabated; it spread to my arms and legs, till I was laid up entirely and from continually sitting on the floor on a pillow my limbs contracted so that I lost all control of them and was utterly helpless. My mother would have to lift me out and into bed. I could get around the house on my hands and feet, but I could not get my clothes on at all and had to wear a sort of dressing gown. My hair had all matted down or fallen off and my head, face and ears were one scab, and I had to have a towel on my head all the time in the summer to keep the flies off. My parents consulted a prominent physician and surgeon in Chicago [the other physicians before mentioned were of Dundas and Hamilton, Canada]. He said he could do nothing for me. He wanted to cut the sinews of my legs so that I could walk, but I would not let him, for if I did get better I would have no control of them.

The disease continued in this manner until I was 17 years old, and one day in January, 1879, I read an account in the Tribune of your Cuticura Remedies. It described my case so exactly that I thought, as a last resort, to give them a trial.

When I first applied them I was all raw and bleeding, from scratching myself, but I went asleep almost immediately, something I had not done for years, the effect was so soothing.

In about two weeks I could stand straight, but not walk, I was so weak, but my sores were nearly well. As near as I can judge the Cuticura Remedies cured me in about six to eight weeks and up to this date [i. e. from January, 1879, to January, 1887] I have not been sick in any way, or have had the least signs of the disease reappearing on me.

Constitutional Catarrh.

No single disease has entailed more suffering or hastened the breaking up of the constitution than Catarrh. The sense of smell, of taste, of sight, of hearing, the human voice, the mind,—one or more and sometimes all, yield to its destructive influence. The poison it distributes throughout the system attacks every vital force, and breaks up the most robust of constitutions. Ignored, because but little understood, by most physicians, impotently assailed by quacks and charlatans, those suffering from it have little hope to be relieved of it this side of the grave. It is time, then, that the popular treatment of this terrible disease by remedies within the reach of all passed into hands at once competent and trustworthy. The new and hitherto untried method adopted by Dr. Sanford in the preparation of his RADICAL CURE has won the hearty approval of thousands. It is instantaneous in affording relief in all head colds, sneezing, snuffling and obstructed breathing, and rapidly removes the most oppressive symptoms, clearing the head, sweetening the breath, restoring the senses of smell, taste and hearing, and neutralizing the constitutional tendency of the disease towards the lungs, liver and kidneys.

SANFORD'S RADICAL CURE consists of one bottle of the RADICAL CURE, one box of CATARRHAL SOLVENT, and an IMPROVED INHALER, price $1.

POPULAR VOTE FOR PRESIDENT.

The *Tribune* has compiled the popular vote for President and Vice-President from official returns received from all the states except Colorado. The plurality for Harrison in that state is known to be 12,643, and we have therefore included it in the statement. Lack of space prevents us from including the Prohibition and Union Labor votes. The Republican and Democratic votes and pluralities are as follows:

STATES. (38)	1888. VOTES. Rep. Harrison.	Dem. Cleveland.	PLURALITIES. Rep. Harrison.	Dem. Cleveland.

Totals	5,185,799	5,296,703	476,585	574,846
Plurality				98,261

The plurality for Cleveland is 98,261, against 23,005 in 1885, a gain of 75,256. The gains came wholly from states in which a free suffrage is not permitted. Here are the gains in the states that still permit only one party to vote;

Louisiana	38,567
Alabama	25,753
Mississippi	22,374
Texas	14,453
Georgia	13,695
Tennessee	9,618
Florida	8,889
Arkansas	5,178
South Carolina	3,928
Total	142,455

The gain for Cleveland in these nine states over 1884 is 142,455. On the other hand, he sustained losses in every other Southern state in which the shotgun policy has been abandoned. These losses occurred in Delaware, Kentucky, Maryland, Missouri, North Carolina, Virginia and West Virginia. Their aggregate in these seven states was 31,904, leaving to Mr. Cleveland a net gain in the entire South of 110,551, or 12,290 more than his entire plurality.

In the 22 Northern states Gen. Harrison's net gain over Mr. Blaine is 35,825. These are the states in which there is no intimidation or interference with a free ballot. The moral value of such gains is worth more than gains of millions in states which permit only one party to vote.

A report came from West Virginia this morning that an error has been found in a recount which elects another Democrat. This will probably reduce the Republican majority on Gen. Clark's roll to five. In the Chattanooga (Tenn.) district both candidates have certificates, the Republican from the Governor and the Democrat from the Secretary of State. Even should Clark accept the Secretary's attestation the Republicans would still have a majority of three. This is enough to organize the House, and do justice to those Republicans who have been counted out. The honest Republican majority is 21, and at that figure it will stand before the close of the first session.

NOTHING SUCCEEDS LIKE SUCCESS.

There was a charter election yesterday in New Haven, and the Republicans swept the city for the first time in twenty years. New Haven has always been reckoned a Democratic stronghold, good for from 1,500 to 4,000 majority. But the Republican candidate for Mayor has a majority of over 500. Had this thing happened in November, the electoral vote of the state would have been given to Harrison by 2,000 majority.

In Plainfield, N. J., there was a Republican clean sweep. This city voted for Cleveland, but yesterday it elected a Republican Mayor and came out of the contest with eight Republican Councilmen in a total of eleven.

In Lawrence, Mass., a city that has always maintained a solid Democratic government, the Republican candidate for Mayor was elected by 1,200 majority. Every Councilman and every Alderman is a Republican.

The people are quick to recognize the fact that the Republican party is back in power to stay, and they take the first opportunity to exhibit their good will. The "inside track" is of valuable advantage after all, notwithstanding Mr. Cleveland's miserable luck.

A DECEPTIVE REPORT.

Secretary Fairchild has made a queer juggle of figures in his annual report, the object being to show a big surplus. In his statement for 1888 he shows a surplus in excess of expenditures of $119,612,116, and then reports that $46,584,565 of this surplus was applied to the sinking fund. In the estimates for 1889 he finds a surplus of $104,000,000, and omits all reference to the sinking fund. In his estimates for 1890 he includes the sinking fund of $47,800,000, as he should have done in the other years, and brings the surplus down to $58,432,512. The sinking fund is provided for by law, and is as properly a permanent expenditure as the salaries of President and Cabinet officers. The addition of that fund to the surplus in one instance, and the omission to provide for it in another, are both acts of flagrant dishonesty, and prove Fairchild to be unfit for his place. Mr. Manning gave the sinking fund its proper position in his reports.

AN ADVISORY COMMITTEE.

Leading Business Men Lend a Hand in the Harrison and Morton Campaign.

[From the Philadelphia Press.]

The recent Republican national canvass had some features of organization and direction which had never before been tried. It had its business as well as its political side. The two elements co-operated with remarkable unity and efficiency, and their union gave peculiar force and character to the campaign. It is well that, in the midst of misunderstandings and misstatements, some phases of the work should be presented in their true light.

The Chicago Convention authorized the National Committee to appoint an Advisory Committee. Experience had demonstrated the wisdom of such provision. The selection of a National Committee is largely fortuitous; it may or may not embrace representatives of all the forces which it is important to enlist in a campaign; and with a view to any possible exigencies the power should rest somewhere of supplementing its organization. Strong as the present National Committee is, it determined to strengthen itself still further by using this authority. Chairman Quay and his associates made their selections with great care and judgment. They decided to constitute the Advisory Committee wholly of representative business men everywhere known for their high character and personal standing, and so to give the business element a new force and position in politics, with all of the higher tone and better influence and greater responsibility which this involves. The Committee thus came to be made up of such leaders in the business world as John Wanamaker and Thomas Dolan of Philadelphia, James Seligman, Cornelius N. Bliss, H. K. Thurber, H. O. Armour, William L. Strong, John F. Plummer and Augustus Kountze of New-York, W. H. Russell and William Whitman of Boston, H. Clay Frick and John W. Chalfant of Pittsburg, Charles P. Taft of Cincinatti, S. W. Allerton of Chicago and others of like standing.

This Committee, with a unanimous recognition of his pre-eminence, made Mr. Wanamaker its Chairman and at once entered upon its work. Besides consulting and advising, its mission was to provide the ways and means of the campaign. The legitimate expenses of a national political canvass have come to be enormous. There is a great educational work to be done; a vast literature to be created and circulated; an army of speakers to be brought into the field; various organizations to be made and mobilized; machinery to be perfected for getting out the full vote; safeguards to be provided against fraud; all the immense enginery for persuading and marshalling at every fighting point the last score among six million voters. The Advisory Committee was direct, straightforward and unremitting in its labors. It created auxiliary committees at the important centres, and addressed itself most earnestly to the business interests of the country. The appeal was frank and forcible: "As patriots you believe Republican success vital to the welfare of the country; as business men you have a great stake in the issue of the contest; every instinct of good citizenship and business impels you to do your full part; we of the committee share with you the stake, the labor and the responsibility; we undertake to see a proper expenditure; the work is yours and we are your agents."

The appeal, coming from such a source and presented in such a way, found a hearty response. There has never been a campaign in which the business interests of the country were so thoroughly and cordially enlisted as in that for General Harrison. There has never been a campaign in which the business element has taken so active, so direct and so potential a part. In this contest more than ever before it was brought immediately in contact with the directing and working forces. The business men everywhere felt that they were impressing themselves on the canvass. If they could not all personally participate in the decisive management they felt that they were there through their representatives. Their active interest had a most salutary effect in keeping up the standard of Republican control, and their influence stamped itself on the whole tone and character of the canvass. The committee was, what its name implied. It was essentially an advisory body. It did not stand on the outside, but sat at headquarters. Chairman Quay showed his conception of the campaign by calling such men to his aid and counsel, and it is an evidence of his own strength and sagacity that he summoned the strongest men about him and won their confidence and support.

It is well to remember this character of the organization when we see so much of misconception or wilful distortion. The National Committee was never before surrounded by such influences. It gave the highest practical evidence of the integrity of the campaign it proposed to fight when it shared its work and counsels with such a body. When men bemoan the use of money which has become inseparable from our elections, though the amount is exaggerated, let them remember and rejoice at the movement which brings the most trusted and responsible business representatives to guide it in proper directions. The able, adroit and experienced politicians of the Committee of course brought the resources of their political skill into play, but they did it through legitimate channels. They never doubted that in a fair trial on the issue presented the country was with General Harrison and the Republican party, and their problem was not to gain unfair advantages. They saw from the beginning that it was a campaign which peculiarly involved the business interests and welfare of the nation, and they took the wisest possible course to engage the active and well directed support of the business elements.

No other single step of the canvass was so important as the constitution of this Advisory Committee. It was a new departure in the management of national campaigns. It was the first time that the business forces had been brought into such immediate participation in the practical direction, and its whole effect was admirable. It increased the dignity and the moral strength of the National Committee; it attested the good faith and honorable purpose of that body; and it augmented the public confidence. Such an organization was made all the more indispensable in view of the fact that the old reliance upon the office-holders had ceased, and it becomes all the more valuable as inaugurating a new and better way. The enlistment of business men in politics is full of promise for the country, and not least among the good things of the memorable campaign of 1888 is the fact that it has witnessed their organized activity in more important and responsible relations than ever before.

RHEUMATISM

Is undoubtedly caused by lactic acid in the blood. This acid attacks the fibrous tissues, and causes the pains and aches in the back, shoulders, knees, ankles, hips and wrist. Thousands of people have found in Hood's Sarsaparilla a positive cure for rheumatism. This medicine, by its purifying action, neutralizes the acidity of the blood, and also builds up and strengthens the whole body.

"Woman! be fair, we must adore thee;
Smile, and a world is weak before thee"!

But how can a woman smile when she is suffering untold misery from complaints from which we men are exempt? The answer is easy. Dr. Pierce's Favorite Prescription is an infallible remedy in all cases of "female weakness," morning sickness, disorders of the stomach, nervous prostration, and similar maladies. As a powerful invigorating tonic it imparts strength to the whole system, and to the womb and its appendages in particular. As a soothing and strengthening-nervine it subdues nervous excitability, irritability, exhaustion, prostration, hysteria, spasms and other distressing, nervous symptoms, commonly attendant upon functional and organic disease of the womb. It induces refreshing sleep and relieves mental anxiety and despondency. Sold by druggists, under a positive guarantee, from the manufacturers, to give satisfaction.

I have had catarrh for 20 years, and used all kinds of remedies without relief. Mr. Smith, druggist, of of Little Falls, recommended Ely's Cream Balm. One bottle has done me so much good that I am convinced its use will effect a permanent cure. It is soothing, pleasant and easy to apply, and I strongly urge its use by all sufferers. HOW I SUFFERED.

Seventeen Years from a Skin Disease. Could Not Walk or Dress Myself. A Mass of Disease from Head to Foot. Cured in Eight Weeks by the Cuticura Remedies.

At the age of three months a rash [which afterwards proved to be eczema or salt rheum] made its appearance on my face. A physician was called. He said teething was the cause; he prescribed some cooling medicine, but the sores spread to my ears and head. Another M. D. was called. He professed to know all about the case, called it "King's Evil," and prescribed gunpowder, brimstone and lard mixed into a salve; but the disease continued. They could not do anything with it. Another prescribed borax, water and flour; another linseed poultices. None of them did me any good at all, but made me worse. The disease continued unabated; it spread to my arms and legs, till I was laid up entirely and from continually sitting on the floor on a pillow my limbs contracted so that I lost all control of them and was utterly helpless. My mother would have to lift me out and into bed. I could get around the house on my hands and feet, but I could not get my clothes on at all and had to wear a sort of dressing gown. My hair had all matted down or fallen off and my head, face and ears were one scab, and I had to have a towel on my head all the time in the summer to keep the flies off. My parents consulted a prominent physician and surgeon in Chicago [the other physicians before mentioned were of Dundas and Hamilton, Canada]. He said he could do nothing for me. He wanted to cut the sinews of my legs so that I could walk, but I would not let him, for if I did get better I would have no control of them.

The disease continued in this manner until I was 17 years old, and one day in January, 1879, I read an account in the Tribune of your Cuticura Remedies. It described my case so exactly that I thought, as a last resort, to give them a trial.

When I first applied them I was all raw and bleeding, from scratching myself, but I went asleep almost immediately, something I had not done for years, the effect was so soothing.

In about two weeks I could stand straight, but not walk, I was so weak, but my sores were nearly well. As near as I can judge the Cuticura Remedies cured me in about six to eight weeks and up to this date [i. e. from January, 1879, to January, 1887] I have not been sick in any way, or have had the least signs of the disease reappearing on me.

Constitutional Catarrh.

No single disease has entailed more suffering or hastened the breaking up of the constitution than Catarrh. The sense of smell, of taste, of sight, of hearing, the human voice, the mind,—one or more and sometimes all, yield to its destructive influence. The poison it distributes throughout the system attacks every vital force, and breaks up the most robust of constitutions. Ignored, because but little understood, by most physicians, impotently assailed by quacks and charlatans, those suffering from it have little hope to be relieved of it this side of the grave. It is time, then, that the popular treatment of this terrible disease by remedies within the reach of all passed into hands at once competent and trustworthy. The new and hitherto untried method adopted by Dr. Sanford in the preparation of his RADICAL CURE has won the hearty approval of thousands. It is instantaneous in affording relief in all head colds, sneezing, snuffling and obstructed breathing, and rapidly removes the most oppressive symptoms, clearing the head, sweetening the breath, restoring the senses of smell, taste and hearing, and neutralizing the constitutional tendency of the disease towards the lungs, liver and kidneys.

SANFORD'S RADICAL CURE consists of one bottle of the RADICAL CURE, one box of CATARRHAL SOLVENT, and an IMPROVED INHALER, price $1.

★ OH ! MY HEAD!! ★

Suffering of a New Jersey Senator—Dyspepsia, Sick Headache—Terrible Things.

When the stomach is torpid it soon becomes clogged with half digested matters, the blood becomes vitiated and foul; the other organs fail to act normally and induces a train of symptoms, such as dyspepsia, sick headache, dizziness, drowsiness, palpitation of the heart, pain in the back, loss of appetite.

"There are few things that I believe in with all my heart and it affords me pleasure to tell of one of them." The speaker was ex-Senator Albert Merritt, head of the large fruit firm, 82 Park Place, N. Y., and the scene his office. "I was sick and feared I had become fated to endure the

Tortures of Dyspepsia

And a dangerous affection of the kidneys. A relative said to me, 'Why don't you try Dr. Kennedy's Favorite Remedy, made at Rondout, N. Y.' I did so. I grew steadily better. I could eat, digest, sleep, and work with a clearer head and the yellow color of my skin had given place to the tones that announce pure blood and every organ of the body in healthy action. Dr. Kennedy's Favorite Remedy is entitled to the credit of saving my li.e. If any one has a doubt about the truth of my statements let him write to me. I can give you the names and addresses of fifty persons who affirm, as I do, that 'Favorite Remedy' has been to them a help and a blessing in time of need." A. DeRevere, Tarrytown, N. Y., says: "For a long time I was troubled with severe attacks of dizziness and

Blind Sick Headache

Due to impure blood and a disordered state of the system. I was advised to try Dr. Kennedy's Favorite Remedy, of Rondout, N. Y. I did so and have been completely cured. It's the best thing I ever heard of for any disorder of that nature and I have recommended it to many with like success." Daniel Fitts, Taunton, Mass., says: "I recommend Dr. Kennedy's Favorite Remedy for dysyepsia and sick headache. I suffered for many years with these complaints and was cured by

Dr. Kennedy's Favorite Remedy."

ABROAD AND AT HOME.

NEWS BY CABLE, TELEGRAPH AND BY MAIL TO-DAY.

Missionaries Expelled From Russia—The Panama Canal—Affairs of Germany And Spain—Lord Churchill Criticised—Vicinity News.

By Cable, Telegraph and Mail to The Freeman.

LONDON, Dec. 5.—The *Standard* says with regard to the attack of Lord Randolph Churchill on the Government, last night, that the Government do not owe their victory to any excess of consideration on the part of their late colleague. His sense of public duty must be morbidly acute when it blunts commonplace instincts of courtesy and fair play. The disloyalty of the escapade is only exceeded by its childish conception of military statecraft.

The *Times* thinks there was a deal of justification for the protest. It must not be supposed, it says, that the majority obtained indicates a general approval of the Government policy. It was, however, inexcusable to spring the motion without the usual notice.

The *News* approves Churchill's course.

The *Chronicle* thinks Churchill's action treacherous and cowardly because he failed to have the courage to defend the only alternative open to the Government, namely, the abandonment of Suakim and Egypt.

The *Telegraph* says: "Lord Randolph Churchill may be credited with perfectly proper and patriotic motives, but apparently he had no other policy to suggest."

The *Post* says it is glad Parliament voted against assuming a responsibility properly belonging to the Executive Government.

ABOUT FRANCE AND BOULANGERISM.

Will Government Allow the General Full Swing, to Destroy Himself?

By Cable to The Freeman.

LONDON, Dec. 5.—The Boulangist Committee at Paris, finding that a number of adherents objected to the proposal to support the Royalist candidate in Ardennes, has been obliged to adopt a resolution that no candidate is entitled to style himself a Boulangist unless he clearly accepts the programme of republican revision.

The French Government's intentions in dealing with Boulangism will be disclosed in the Chamber of Deputies in the course of a debate about to be raised on a question asked by M. Jouvencel, Radical, as to what measures have been taken to insure respect for the established Government.

In Premier Floquet's circle it is asserted that the Government's policy is to allow General Boulanger full swing to destroy himself.

RUSSIA'S INCREASING ARMAMENTS.

What May be the Outcome of the Situation in Persia.

By Cable to The Freeman.

LONDON, Dec. 5.—The *Cologne Gazette*, in an article on the armaments of Russia, says: "Russia is not meditating an immediate breach of the peace, but is gradually mobilizing and making colossal preparations for the conflict which is possible at any moment through developments in Bulgaria, and which she considers inevitable. It behooves Germany, therefore," the paper continues, "to be wise in her generation while trusting to the approved wisdom and resources of her great Chancellor. Russia will dispatch a peremptory demand to the Persian Government to grant an exequatur to the Russian Consul at Mishel."

Panama Canal Shares Decline.

By Cable to The Freeman.

LONDON, Dec. 5.—Panama Canal shares yesterday declined to 160, but subsequently advanced and closed at 165 on rumors that financial houses, under the Government's guarantee, would assist the Company. There is no reason, however, to suppose that the Government has altered its recent decision regarding a guarantee.

Germany and Spain.

By Cable to The Freeman.

LONDON, Dec. 5.—The relations between Germany and Spain are becoming decidedly unpleasant owing to the hostility of Senor Armijo, Spanish Minister of Foreign Affairs, to the triple alliance.

Articles Left by Emperor Frederick.

By Cable to The Freeman.

LONDON, Dec. 5.—Ex-Empress Frederick brought with her to England six immense trunks crammed with precious articles left by Emperor Frederick.

Missionaries Expelled from Russia.

By Cable to The Freeman.

LONDON, Dec. 5.—The Government of Lithuania, Russia, has expelled all English Protestant missionaries from that province.

DR. DAVID KENNEDY,

Discoverer and Proprietor of Cherry Balsam, not in a position to risk his reputation upon the success or failure of any preparation as to whose merits a single doubt exists in his own mind, and in recommending the Cherry Balsam for Coughs, Colds, Asthma, Bronchitis, and all bronchial pulmonary affections, he does so with the greatest confidence, having had the most gratifying results follow the use of Cherry Balsam, which he has prescribed for a long time in his private practice. The value of this preparation cannot be overestimated, and even were Dr. Kennedy's own assurance incredible the testimony of the hosts who have used it cannot be impeached. DRUNKENNESS,

OR THE LIQUOR HABIT, POSITIVELY CURED BY ADMINISTERING DR. HAINES' GOLDEN SPECIFIC.

It can be given in a cup of coffee or tea without the knowledge of the person taking it; is absolutely harmless, and will effect a permanent and speedy cure, whether the patient is a moderate drinker or an alcoholic wreck. Thousands of drunkards have been made temperate men who have taken Golden Specific in their coffee without their knowledge and to-day believe they quit drinking of their own free will. It Never Fails. The system once impregnated with the specific, it becomes an utter impossibility or the liquor appetite to exist. For sale by COOPER & HARDENBURGH, Druggists, Kingston, N. Y.

★ OH! MY HEAD!! ★

Suffering of a New Jersey Senator—Dyspepsia, Sick Headache—Terrible Things.

When the stomach is torpid it soon becomes clogged with half digested matters, the blood becomes vitiated and foul; the other organs fail to act normally and induces a train of symptoms, such as dyspepsia, sick headache, dizziness, drowsiness, palpitation of the heart, pain in the back, loss of appetite.

"There are few things that I believe in with all my heart and it affords me pleasure to tell of one of them." The speaker was ex-Senator Albert Merritt, head of the large fruit firm, 82 Park Place, N. Y., and the scene his office. "I was sick and feared I had become fated to endure the

Tortures of Dyspepsia

And a dangerous affection of the kidneys. A relative said to me, 'Why don't you try Dr. Kennedy's Favorite Remedy, made at Rondout, N. Y.' I did so. I grew steadily better. I could eat, digest, sleep, and work with a clearer head and the yellow color of my skin had given place to the tones that announce pure blood and every organ of the body in healthy action. Dr. Kennedy's Favorite Remedy is entitled to the credit of saving my life. If any one has a doubt about the truth of my statements let him write to me. I can give you the names and addresses of fifty persons who affirm, as I do, that 'Favorite Remedy' has been to them a help and a blessing in time of need." A. DeRevere, Tarrytown, N. Y., says: "For a long time I was troubled with severe attacks of dizziness and

Blind Sick Headache

Due to impure blood and a disordered state of the system. I was advised to try Dr. Kennedy's Favorite Remedy, of Rondout, N. Y. I did so and have been completely cured. It's the best thing I ever heard of for any disorder of that nature and I have recommended it to many with like success." Daniel Fitts, Taunton, Mass., says: "I recommend Dr. Kennedy's Favorite Remedy for dysyepsia and sick headache. I suffered for many years with these complaints and was cured by

Dr. Kennedy's Favorite Remedy."

NEWS BY CABLE, TELEGRAPH AND BY MAIL TO-DAY.

Missionaries Expelled From Russia—The Panama Canal—Affairs of Germany And Spain—Lord Churchill Criticised—Vicinity News.

By Cable, Telegraph and Mail to The Freeman.

LONDON, Dec. 5.—The *Standard* says with regard to the attack of Lord Randolph Churchill on the Government, last night, that the Government do not owe their victory to any excess of consideration on the part of their late colleague. His sense of public duty must be morbidly acute when it blunts commonplace instincts of courtesy and fair play. The disloyalty of the escapade is only exceeded by its childish conception of military statecraft.

The *Times* thinks there was a deal of justification for the protest. It must not be supposed, it says, that the majority obtained indicates a general approval of the Government policy. It was, however, inexcusable to spring the motion without the usual notice.

The *News* approves Churchill's course.

The *Chronicle* thinks Churchill's action treacherous and cowardly because he failed to have the courage to defend the only alternative open to the Government, namely, the abandonment of Suakim and Egypt.

The *Telegraph* says: "Lord Randolph Churchill may be credited with perfectly proper and patriotic motives, but apparently he had no other policy to suggest."

The *Post* says it is glad Parliament voted against assuming a responsibility properly belonging to the Executive Government.

ABOUT FRANCE AND BOULANGERISM.

Will Government Allow the General Full Swing, to Destroy Himself?

By Cable to The Freeman.

LONDON, Dec. 5.—The Boulangist Committee at Paris, finding that a number of adherents objected to the proposal to support the Royalist candidate in Ardennes, has been obliged to adopt a resolution that no candidate is entitled to style himself a Boulangist unless he clearly accepts the programme of republican revision.

The French Government's intentions in dealing with Boulangism will be disclosed in the Chamber of Deputies in the course of a debate about to be raised on a question asked by M. Jouvencel, Radical, as to what measures have been taken to insure respect for the established Government.

In Premier Floquet's circle it is asserted that the Government's policy is to allow General Boulanger full swing to destroy himself.

RUSSIA'S INCREASING ARMAMENTS.

What May be the Outcome of the Situation in Persia.

By Cable to The Freeman.

LONDON, Dec. 5.—The *Cologne Gazette*, in an article on the armaments of Russia, says: "Russia is not meditating an immediate breach of the peace, but is gradually mobilizing and making colossal preparations for the conflict which is possible at any moment through developments in Bulgaria, and which she considers inevitable. It behooves Germany, therefore," the paper continues, "to be wise in her generation while trusting to the approved wisdom and resources of her great Chancellor. Russia will dispatch a peremptory demand to the Persian Government to grant an exequatur to the Russian Consul at Mishel."

Panama Canal Shares Decline.

By Cable to The Freeman.

LONDON, Dec. 5.—Panama Canal shares yesterday declined to 160, but subsequently advanced and closed at 165 on rumors that financial houses, under the Government's guarantee, would assist the Company. There is no reason, however, to suppose that the Government has altered its recent decision regarding a guarantee.

Germany and Spain.

By Cable to The Freeman.

LONDON, Dec. 5.—The relations between Germany and Spain are becoming decidedly unpleasant owing to the hostility of Senor Armijo, Spanish Minister of Foreign Affairs, to the triple alliance.

Articles Left by Emperor Frederick.

By Cable to The Freeman.

LONDON, Dec. 5.—Ex-Empress Frederick brought with her to England six immense trunks crammed with precious articles left by Emperor Frederick.

LONDON, Dec. 5.—The Government of Lithuania, Russia, has expelled all English Protestant missionaries from that province.

"I use Ayer's Cherry Pectoral freely in my practice, and recommend it in cases of whooping cough among children, having found it more certain to cure that troublesome disease than any other medicine I know of."—So says Dr. Bartlett, of Concord, Mass.

THEY "SWORE LIKE OUR ARMY IN FLANDERS;"

May be said of many sufferers from biliousness, headache, constipation, indigestion, and their resultant irritability, intellectual sluggishness, ennui, etc. The temptation to thus violate a sacred commandment, however, is speedily and permanently removed by the use of Dr. Pierce's Pleasant Pellets—tiny, little, sugar-coated, anti-bilious Granules; nothing like them. One a dose. Druggists.

WILL YOU SUFFER with Dyspepsia and Liver Complaint? Shiloh's Vitalizer is guaranteed to cure you. For sale by F. J. R. Clarke, Kingston.

LADIES WHO BLOAT.

What a great number there are; how uncomfortable it makes them; it is almost impossible for those afflicted to enjoy life. In my private practice I have always found Sulphur Bitters to be the best remedy. All who are thus troubled should use it.

MRS. DR. CHILDS, Boston.

BEAUTY'S DOWER.

Where grace and beauty most abound,
True happiness will oft be found.
Where ruby lips and glowing cheek
The gift of rugged health bespeak,
The artist. Nature's nobleman,
Will risk the treasure of his art,
Depicting, deftly as he can,
The lines engraven on his heart.
Fair maiden, may life's richest joy
Spread her bright mantle over thee;
May years but gently with you toy,
And pleasures sweet, without alloy,
With fairest blossoms cover thee;
But should, perchance, thy beauty fade,
Thou can'st call quickly to thy aid
Our Golden Medical Discovery.

Remember that Pierce's Golden Medical Discovery is a sure cure for all skin eruptions and diseases of the blood.

ADVICE TO MOTHERS

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for children teething. Its value is incalculable. It will relieve the poor little suffer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhœa, regulates the stomach and bowels, cures wind colic softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for children teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle.

DR. DAVID KENNEDY,

Discoverer and Proprietor of Cherry Balsam, not in a position to risk his reputation upon the success or failure of any preparation as to whose merits a single doubt exists in his own mind, and in recommending the Cherry Balsam for Coughs, Colds, Asthma, Bronchitis, and all bronchial pulmonary affections, he does so with the greatest confidence, having had the most gratifying results follow the use of Cherry Balsam, which he has prescribed for a long time in his private practice. The value of this preparation cannot be overestimated, and even were Dr. Kennedy's own assurance incredible the testimony of the hosts who have used it cannot be impeached. Cherry Balsam will prove effective in many cases of Incipient Consumption; also in Bronchitis and Asthma, where other preparations have not even afforded relief.

It is prompt in its effects, and is therefore a most reliable medicine to use in all complaints such as Croup, Whooping Cough and Hoarseness. A careful trial of Cherry Balsam will prove its superiority over similar preparations.

GIVE IT EARLY AND OFTEN.

Dr. Hoxsie's Certain Croup Cure, for Bronchitis, Croup, Congested Lunds, and all dangerous acute attacks. No opium. 50 cents.

IS CONSUMPTION INCURABLE?

Read the following: Mr. C. H. Morris, Newark, Ark., says: "Was down with Abscess of Lungs, and friends and physicians pronounced me an incurable Consumptive. Began taking Dr. King's New Discovery for Consumption, am now on my third bottle, and able to oversee the work on my farm. It is the finest medicine ever made."

Jesse Middlewart, Decatur, Ohio, says: "Had it not been for Dr. King's New Discovery for Consumption I would have died of Lung Troubles. Was given up by doctors. Am now in best of health." Try it. Sample bottles free at VanDeusen Brothers, Rondout, and F. J. R. Clark's, Kingston, Drug Stores.

A LUCKY MAN.

Mr. Lyman Crawford, Druggist, of Springfield, Mass., says: For years I was afflicted with kidney disease in its worst form, and I state, with a perfect recollection of all that was done for me, that Dr. David Kennedy's Favorite Remedy, of Rondout, N. Y., gave me permanent relief.

If your druggist does not keep the medicine address the proprietor, Rondout, N. Y.

As Related by the Rev. Dr. Osbon.

The Rev. Dr. Osbon lectured in the Clinton-Avenue M. E. Church, Kingston, on Monday night. He said this scene occurred at a hotel at Niagara Falls: The guests were seated at tables in the dining-room. There was nothing on the tables except linen covers. Suddenly an orchestra, at one end of the room, struck up a lively air, and a small army of waiters marched in and laid knives and forks, dishes, etc., on the tables. Another tune was played and the waiters appeared with the first course of the dinner. This performance was repeated with each course. An old Yankee, who was in the room, could not stand the strain of this sort of thing and he exclaimed: "I'll be gosh derned, ef I haven't traveled this ere airth all over, but I'll be dod wolloped ef this aren't the fust time I iver hed my dinner fiddled into me."

Recalling the Cholera Scourge Here.

An amusing incident occurred during the cholera scourge here. Rondout at that time was but sparsely settled. Union-avenue was a bank of sand. One night a man, believed to have been stricken with the disease, but who in reality was "dead drunk," was found lying on the avenue. He was carried to the hospital. In the morning a coffin was deposited between the drunken fellow's cot and another cot on which was a dead man. The inebriate rolled over on his side and saw the coffin, and believed that it was for him. He gave a yell, jumped out of bed, ran down stairs, and made tracks up the avenue. He was bare-headed and in his shirt-sleeves. People who saw him took him to be crazy and gave chase. The fellow ran like a deer, shouting at the top of his voice: "I'll not be buried alive!" He made his escape, and was never seen in Rondout again.

A Rondout Man Missing.

Thomas Penny, a builder, left his home on Hunter-street, Rondout, at about 5 o'clock, yesterday morning. He has not been seen since, although search has been made for him by friends. Those who knew Penny intimately hint that anxiety over business matters has unsettled his mind, and he has wandered away fom home. Recently Penny's partner in business died, which greatly depressed him. Penny had two contracts under way, one in Kingston and the other in Jacob's Valley.

What a Bull Dog Here Can Do.

John Turck, of Rondout, is the owner of a white bull dog that he says can climb a ladder "as good as any man." Yesterday, Mr. Turck said that the dog followed him up the rigging of a schooner at Ponckhockie. The dog went up the rounds of the rope ladder paw over paw, while the sailors gazed in wonderment. The canine has been named "Sailor Jack."

What a Man Cannot Do.

[From an Exchange.]

Here are some things a man cannot do: Smile through his tears; make a crying baby smile; put in a pin that will hold; wither a rival with a glance; talk with his mouth full of pins; carry his car fare in his mouth; make love to two girls in the same room; get a number six foot into a number three shoe; remain self-possessed when there is a pin sticking into him; read a book at the window and criticise everybody that passes; spend the whole day shopping when he doesn't want to buy anything; tell to a ribbon what another person has on with one look; put a pressure of a hundred pounds around his waist and then look contented; invite a person to tea with smiles and pleadings when he doesn't want him to come. Men think themselves smart, but there are many things yet that they cannot do.

Two Romantic Young Folks Married.

Pollopel's Island is a small rock in the Hudson River, at the north gate of the Highlands, about three acres in extent, until recently uninhabited, when a fisherman and his wife built a house and took up their abode there. Yesterday they were surprised to see landing from a small-boat on the shore, the Rev. George P. Noble, a Cornwall clergyman, accompanied by a young man and woman. They said they had come there to perform the marriage ceremony. They were invited into the house and the twain were made one flesh. The bride was Miss Francis Malone, of Amenia, N. Y., and the groom was J. Merical, of Fishkill. Because it was novel is the only reason known why they chose to be married there.

An Insurance Test Case.

A dispatch from Troy to THE FREEMAN, to-day, stated: In 1886, Nathan Klein, of New-York, who was then a collar manufacturer in this City, began suits against 18 insurance companies to recover $40,000 insurance and interest for loss from a fire in November, 1883. The companies refused to pay the insurance. A Referee's report, to-day, gives a decision in favor of the plaintiff against the Continental Insurance Company. The action was made a test case, and practically decides the others.

It is to be 120 feet over all and 53 feet wide. The hull will be of steel, the beam steel, the combings steel, and the side houses and bulkheads iron. The wheels will have iron arms, steel rims, and steel buckets. The boat when finished and in running order will cost about $50,000.

IN THE THEATRES OF THIS CITY.

Attractions at Kingston Opera House and at Liscomb's, Rondout—Fair, Etc.

Hyde's Specialty Company, Liscomb's Opera House, Rondout, Saturday evening.

"Over the Garden Wall" will be on the boards at Kingston Opera House, on Thursday and Friday evenings. It is a farcical comedy, and usually "draws well."

The Silver Lake Quartette will sing in the Rondout M. E. Church this evening, under the auspices of the local lodge of Good Templars. Concerning the singers the *Memphis Avalanche* has said: "The songs of the Silver Lake Quartette captivated all."

Concerning James O'Neill, who is booked to appear at Kingston Opera House, on December 11 and 12, the *New-York Times* is credited with having said this: "Niblo's Garden was packed from parquette to gallery to welcome this favorite young actor's characterization of Edmond Dantes and Count of Monte Cristo, which are well known to the Metropolitan stage. But the play itself is one which never loses its charm. In Monte Cristo Mr. O'Neill acts with energy, force and pathos."

KINGSTON PHILHARMONIC SOCIETY.

The various committees in charge of the arrangements for the musical festival to be given in the Academy of Music, this City, on five days of next week, have attended well to their duties; and it is believed by all interested that the festival will be a success. The newspapers along the Hudson River have printed flattering notices. The chorus will be the largest ever assembled for similar work in this City. Many of the leading voices of sister cities and villages along the Hudson Valley have promised to lend their aid. The chorus will be composed of singers who not only have the first requisite for chorus work—good voices—but also have had more preliminary practice than any large chorus ever heard here. It is expected there will be at least 400 voices at the various concerts. The chorus singing will be supplemented by Blaisdell's Orchestra, of Boston, the members of which are efficient in the rendition of such music as is required for concerts where chorus singing is a leading feature. The soloists engaged rank high. Mme. Fursch Madi has no equal as a dramatic soprano. Mlle. Augusta Ohrstrom, soprano, will make her American *debut* at this festival. Miss Marie Van is the solo soprano of Dr. Cuyler's Church, Brooklyn. Miss Gertrude Edmands is a refined and artistic contralto. Myron W. Whitney has a national reputation as a basso, and George J. Parker, the tenor, has received high praise for his work at the recent Worcester Festival. Joseffy is said to be the most noted pianist now living. The piano accompanist, Mrs. Martha Dana Shepard, has twice given satisfaction to Kingston audiences. To-night the last rehearsal, prior to the Festival, will be held in the Armory. The West Shore Railroad Company and the Wallkill Valley Railroad Company will issue special excursion tickets during festival week.

Season tickets for the festival are being sold at Winter's stores, up-town and down-town. Those who purchase early will have the choice of location and avoid the rush.

ODD FELLOWS FAIR.

There was a large attendance at the fair of C. S. Clay Lodge of Odd Fellows, of Kingston, at the Academy of Music, last night. The American Bohemian Glass Blowers continue to be an attraction. The fancy goods tables were liberally patronized, and many chances were taken in presents that will be given away on the last night of the fair. One of the alluring features of the entertainment for young folks is dancing. The tables are arranged so there is plenty of room for this pastime.

PHASES OF THE SEAMY SIDE NOTED.

A Case of Mayhem—Drunkenness and Crime in Recorder's Court To-Day.

On Thanksgiving night the poor-box of St. Patrick's Cathedral, at Newburgh, was robbed of $15.

Thieves raided the saw mill of John S. Roosa, near Eddyville, one night recently. They stole a leather belt valued at $40.

Peter M. Baum, a Red Hook attorney, is charged with forgery and deceit. He has been cited to appear before the General Term, at Brooklyn, on December 10, to answer the charges.

BEFORE RECORDER HUSSEY.

There were several cases tried in Recorder's Court, this City, this forenoon, and the fact was drawn out that with but one exception the prisoners arraigned had fallen into trouble through intemperance.

An old offender named James Ashley, arrested by Officer Kirby, 30 days.

Patrick McCarroll and Joseph Daly, while intoxicated, last night, raised a disturbance at the West Shore Depot. Thirty days.

Last night Officer Peter Cloonan saw a young man steal a hat from a show case on Union-avenue, Rondout. When taken before the Recorder the thief, who said his name was Cleary, pleaded guilty to petty larceny. Six months in the Albany Penitentiary.

About a year ago one Thomas Clark committed an assault, while intoxicated, on John Barnhart, a Delaware & Hudson Canal boatman. A warrant was issued for the arrest of Clark, who ran away. This forenoon Barnhart and a brother of Clark appeared before the Recorder and settled the case.

On complaint of an Ellenville young man Edward Wheeler, of Wilbur, was arraigned, charged with stealing $38 from the complainant, in Weehawken. As the alleged crime was committed in another State the Recorder discharged Wheeler for want of jurisdiction. It is believed that the Ellenvillian is mistaken in the person, as Wheeler has been working here for the past year for Alderman Purvis and bears a good character.

A CASE OF MAYHEM.

While two employes of the Wallkill Valley Railroad Company were amusing themselves with rough play, at Binnewater, on Monday, one of them became enraged and bit a piece out of the other's face, just above the eyes. The man who was thus injured was Bruyn VanAken, of this City. VanAken says he will have the man who injured him arrested for mayhem.

A GIRL STEALS A BARREL OF FLOUR.

Yesterday afternoon Stephen Staples missed a barrel of rye flour from in front of his place of business. The stolen property was found in the house of a widow, on Union-avenue. The woman's daughter, a 17-year-old girl, had placed the barrel of flour on a truck in broad daylight, while people were passing up and down the street, and carted it home.

The Alert Lawn Tennis Social was reorganized on Tuesday night at the residence of M. D. Kelly.

Cyrus Smith, a well known horseman, will have charge of a stable of horses in Marlborough this winter.

Jews Creek, these days, is only a creek in name. There is not water enough flowing through it to float a row-boat.

The Rev. John C. Henry, of Newburgh, will deliver a lecture in the South-Marlborough chapel on Sunday night.

Miss H. E. Berean died at her home here on Sunday forenoon. The funeral services were held at her late residence on Wednesday afternoon.

Egbert E. Hall died at the residence of his son on Sunday morning aged about 70 years. The funeral services were held in the Methodist Church on Wednesday afternoon.

Walking to the Landing or to the West Shore station was practically out of the question last week. The foot-path was covered with a loomy composition of mud and water to the depth of 12 inches.

The Literary Society met at the residence of H. H. Holden on Tuesday night. The following programme was given:

ULSTER CO. LAW-MAKERS.

ANOTHER SESSION OF THE BOARD OF SUPERVISORS HELD LAST NIGHT.

County Building to be Enlarged—Property In Kingston to be Purchased—Rifle Range to be Constructed in Armory — Equalization.

It is a fine thing to be pointed at with the finger, and to have it said: "That's he."—*Persius.*

The Ulster County Board of Supervisors met again in Kingston last night.

Supervisor VanEtten introduced an act to amend an act to prevent the taking of fish from certain parts of Esopus Creek, with any net—minnow net excepted—weir, fence, basket, trap or pot, poison or explosive material, etc., the amendment being "fishing by fair angling or trolling for any kind of fish in said waters is authorized and permitted from the thirtieth day of May to the first day of December, in each and every year, and is prohibited and declared unlawful from the first day of December to the thirtieth day of May." The penalty for each offence to be $10. Referred to the first Committee of the Whole.

The Chair appointed as a Committee on Heating and Ventilation Supervisors Benton, Spore and McMillin.

Supervisor Bennett moved to raise $250 on the town of Denning for roads and bridges. Over under the rule.

Supervisor Bennett moved that $250 be raised on the County for roads and bridges in the town of Denning. On motion of Supervisor Hasbrouck, referred to the Committee on Roads and Bridges.

Supervisor A. L. F. Deyo moved to raise on the town of Gardiner $1,370 for roads and bridges, and $100 for Overseer of the Poor. Over under the rule.

The report of the Special Committee on Legislation was adopted.

The report of the Committee to Investigate the Question of Enlarging the Ulster County Clerk's Office was brought up.

Supervisor Spore said that the Committee had the refusal of the Mrs. Ingalls property, adjoining the County building, on Fair-street, until Tuesday. Action must be taken soon. "It is the only chance to acquire property in connection with the office. It is handy, and has the advantage of heavy walls, so that a vault can be erected upon them at less expense than to build a new building."

Supervisor Block inquired if there was not plenty of land adjoining.

Supervisor Spore said there was only a small piece, owned by the County.

Supervisor Benton said the County Clerk's office was one of the most important in the County, as the records must be safely kept, and where they can be constantly referred to. He spoke favorably on the report of Committee.

A vote was taken which resulted: Ayes 21, noes 4. Those who voted "No" were Supervisors Block, VanTassel, Childs and Woolsey.

Supervisor Brink brought up the resolution to raise $100 on the County of Ulster for the purpose of constructing a rifle range in the Armory in this City.

John G. VanEtten, Captain of the Fourteenth Separate Company, was invited to address the Board. Mr. VanEtten said: "We have a company of 78 men. Our numbers have increased during the past year. We have been working hard to make a record in the County and State. The record of a company is taken mostly from scores made at rifle practice. We go out twice a year, under the Inspector General of Rifle Practice, and shoot at 200 and 500 yards. Upon those scores our record is made. We try to have as high a per cent. as we can. Some of the members of our company are clerks who had never handled a rifle until they joined the Company. They need practice. The State does not furnish ranges in armories. Such expense is incurred by Boards of Supervisors. Nearly every armory in the State is equipped with a range erected, with few exceptions, by appropriations from the County. Our only chance is to have aid from the Board of Supervisors. We cannot afford to pay the whole expense. We can only pay a part of it."

Supervisor Spore inquired: "What benefit would it be towards getting a record shooting at 153 feet, if the scores are made at ranges at 200 and 500 yards?"

Captain VanEtten said: "Practice in the Armory is had with targets reduced in size according to the distance. The record is not taken from scores made in the Armory, but from field practice. Men cannot be good shots without practice. By practicing in the Armory they will make better scores on the range out-of-doors."

Supervisor Brink said: "It requires practice to make a good shot. In the next war, if we have one, a great deal will depend upon rifle shots."

The resolution was carried: Ayes, 21, noes, 4.

Captain VanEtten, in the name of the Company, thanked the Supervisors for their liberality.

The report of the Committee on Equalization was read. Supervisors Manchester and Molyneaux, who had signed the report, asked to have their names erased. The following is a copy of the equalization table as reported by the Committee:

NEAT AND CLEAR-HEADED MEN

Abhor the idea of an attack of catarrh as they do the bite of a poison snake. Yet this foul and most disgusting disease is very common. In its first stages it occasions very little discomfort and is therefore liable to be neglected. It is an inflammation of the lining membrane of the mouth, nose and throat. The glands and membranes secrete a fluid to keep the mouth, nose and eyes moist. From cold, debility and other causes this fluid is apt to be too copious; that is catarrh. Flowing from the nostrils it causes weak and watery eyes, irritates the nose, causes sneezing and finally the coughing up and expectoration of the offensive matter. These droppings will sometimes collect so rapidly as nearly to choke the person. Unless promptly treated catarrh lasts for years, producing dreadful results. The ordinary symptoms are pain in the eyes and in the forehead over the eyes; a dull heavy headache; obstruction of the nasal passages; discharges falling into the throat, and a moist, offensive breath. On the first sign of its appearance Dr. Brown's Sarsaparilla should be taken to purify the blood, for catarrh is a blood disease. In chronic cases an immediate cure must not be expected; but this great regulator of the blood will, if its use be continued, afford speedy relief and final cure. Hay fever, or cold in the head, a disease of summer chiefly, has similar symptoms and is cured by this remedy in the same way. It is important to remember that catarrh, being neglected, or arrested, gradually creeps down into the wind pipe and lungs and may end in incurable consumption. You may easily and cheaply prevent this terrible calamity by the use of

There arrived at tide-water, at Eddyville, yesterday, 31 Delaware & Hudson Canal boats, laden with 4,185 tons of coal. To-day there were still 157 boats in the canal.

As Related by the Rev. Dr. Osbon.

The Rev. Dr. Osbon lectured in the Clinton-Avenue M. E. Church, Kingston, on Monday night. He said this scene occurred at a hotel at Niagara Falls: The guests were seated at tables in the dining-room. There was nothing on the tables except linen covers. Suddenly an orchestra, at one end of the room, struck up a lively air, and a small army of waiters marched in and laid knives and forks, dishes, etc., on the tables. Another tune was played and the waiters appeared with the first course of the dinner. This performance was repeated with each course. An old Yankee, who was in the room, could not stand the strain of this sort of thing and he exclaimed: "I'll be gosh derned, ef I haven't traveled this ere airth all over, but I'll be dod wolloped ef this aren't the fust time I iver hed my dinner fiddled into me."

Recalling the Cholera Scourge Here.

An amusing incident occurred during the cholera scourge here. Rondout at that time was but sparsely settled. Union-avenue was a bank of sand. One night a man, believed to have been stricken with the disease, but who in reality was "dead drunk," was found lying on the avenue. He was carried to the hospital. In the morning a coffin was deposited between the drunken fellow's cot and another cot on which was a dead man. The inebriate rolled over on his side and saw the coffin, and believed that it was for him. He gave a yell, jumped out of bed, ran down stairs, and made tracks up the avenue. He was bare-headed and in his shirt-sleeves. People who saw him took him to be crazy and gave chase. The fellow ran like a deer, shouting at the top of his voice: "I'll not be buried alive!" He made his escape, and was never seen in Rondout again.

A Rondout Man Missing.

Thomas Penny, a builder, left his home on Hunter-street, Rondout, at about 5 o'clock, yesterday morning. He has not been seen since, although search has been made for him by friends. Those who knew Penny intimately hint that anxiety over business matters has unsettled his mind, and he has wandered away fom home. Recently Penny's partner in business died, which greatly depressed him. Penny had two contracts under way, one in Kingston and the other in Jacob's Valley.

What a Bull Dog Here Can Do.

John Turck, of Rondout, is the owner of a white bull dog that he says can climb a ladder "as good as any man." Yesterday, Mr. Turck said that the dog followed him up the rigging of a schooner at Ponckhockie. The dog went up the rounds of the rope ladder paw over paw, while the sailors gazed in wonderment. The canine has been named "Sailor Jack."

FAIR-STREET CHURCH BAZAAR.

A bazaar, under the auspices of the members of the Ladies' Aid Society of the Fair-Street Reformed Church, Kingston, was opened in the lecture room of that Church, this afternoon. The bazaar presents an attractive appearance. There are two fancy tables, one of which is presided over by Mrs. Jacob L. DeWitt and Mrs. G. A. Hart and the other by Mrs. C. D. Westbrook and Mrs. William M. Cooper. Confectionery and dolls' tables are looked after by Mrs. Dr. G. C. Sanders. Miss Mary Westbrook has charge of the fish pond. A table filled with articles that sell for 10 cents each is presided over by four little girls—Blanche Noyes, Anna Hart, Isabella Roosa and Catherine Freer. The supper room, which presents many attractions, is presided over by Mrs. W. S. Gillespie. Mrs. J. O. Swart is in charge of the ice cream booth. A turkey supper will be served until 8 o'clock this evening and a New-England supper between the hours of 5 to 8 o'clock to-morrow. The officers of the Society are as follows: Mrs. S. D. What a Man Cannot Do.

[From an Exchange.]

Here are some things a man cannot do: Smile through his tears; make a crying baby smile; put in a pin that will hold; wither a rival with a glance; talk with his mouth full of pins; carry his car fare in his mouth; make love to two girls in the same room; get a number six foot into a number three shoe; remain self-possessed when there is a pin sticking into him; read a book at the window and criticise everybody that passes; spend the whole day shopping when he doesn't want to buy anything; tell to a ribbon what another person has on with one look; put a pressure of a hundred pounds around his waist and then look contented; invite a person to tea with smiles and pleadings when he doesn't want him to come. Men think themselves smart, but there are many things yet that they cannot do.

Two Romantic Young Folks Married.

Pollopel's Island is a small rock in the Hudson River, at the north gate of the Highlands, about three acres in extent, until recently uninhabited, when a fisherman and his wife built a house and took up their abode there. Yesterday they were surprised to see landing from a small-boat on the shore, the Rev. George P. Noble, a Cornwall clergyman, accompanied by a young man and woman. They said they had come there to perform the marriage ceremony. They were invited into the house and the twain were made one flesh. The bride was Miss Francis Malone, of Amenia, N. Y., and the groom was J. Merical, of Fishkill. Because it was novel is the only reason known why they chose to be married there.

An Insurance Test Case.

A dispatch from Troy to THE FREEMAN, to-day, stated: In 1886, Nathan Klein, of New-York, who was then a collar manufacturer in this City, began suits against 18 insurance companies to recover $40,000 insurance and interest for loss from a fire in November, 1883. The companies refused to pay the insurance. A Referee's report, today, gives a decision in favor of the plaintiff against the Continental Insurance Company. The action was made a test case, and practically decides the others.

New Ferry-boat for Highland.

[From the Poughkeepsie Courier, Dec. 2.]

The contract for the new ferry-boat, to take the place of the J. C. Doughty, has been awarded to T. S. Marvel & Co., of Newburgh. The new vessel is to be finished by the first of June next. It is to be 120 feet over all and 53 feet wide. The hull will be of steel, the beam steel, the combings steel, and the side houses and bulkheads iron. The wheels will have iron arms, steel rims, and steel buckets. The boat when finished and in running order will cost about $50,000.

Affairs of Local Railroads.

Travel on the Hudson River Railroad is heavy.

The Cario Railroad will discontinue business for the winter, December 10.

The annual meeting of the Ulster & Delaware Railroad Company was held yesterday afternoon. The following Directors were elected: Hon. Thomas Cornell, A. S. Staples, H. C. Soop, R. G. Townsend, A. Benson, E. McNeil, T. C. Hornbeck, Charles Bray, Davis Winne, R. B. Jones and R. B. Carpenter.

Saugerties Happenings.

Mrs. Lavyah Barakat, a native Syrian, has been secured by the Ladies' Missionary Society connected with the Reformed Church, to give a lecture on "The Orient," this month.

The Rev. F. Scudder, a student in the New-Brunswick Theological Seminary, preached to large audiences at the Flatbush and Glasco Reformed Churches, Sunday.

IN THE THEATRES OF THIS CITY.

Attractions at Kingston Opera House and at Liscomb's, Rondout—Fair, Etc.

Hyde's Specialty Company, Liscomb's Opera House, Rondout, Saturday evening.

"Over the Garden Wall" will be on the boards at Kingston Opera House, on Thursday and Friday evenings. It is a farcical comedy, and usually "draws well."

The Silver Lake Quartette will sing in the Rondout M. E. Church this evening, under the auspices of the local lodge of Good Templars. Concerning the singers the *Memphis Avalanche* has said: "The songs of the Silver Lake Quartette captivated all."

Concerning James O'Neill, who is booked to appear at Kingston Opera House, on December 11 and 12, the *New-York Times* is credited with having said this: "Niblo's Garden was packed from parquette to gallery to welcome this favorite young actor's characterization of Edmond Dantes and Count of Monte Cristo, which are well known to the Metropolitan stage. But the play itself is one which never loses its charm. In Monte Cristo Mr. O'Neill acts with energy, force and pathos."

KINGSTON PHILHARMONIC SOCIETY.

The various committees in charge of the arrangements for the musical festival to be given in the Academy of Music, this City, on five days of next week, have attended well to their duties; and it is believed by all interested that the festival will be a success. The newspapers along the Hudson River have printed flattering notices. The chorus will be the largest ever assembled for similar work in this City. Many of the leading voices of sister cities and villages along the Hudson Valley have promised to lend their aid. The chorus will be composed of singers who not only have the first requisite for chorus work—good voices—but also have had more preliminary practice than any large chorus ever heard here. It is expected there will be at least 400 voices at the various concerts. The chorus singing will be supplemented by Blaisdell's Orchestra, of Boston, the members of which are efficient in the rendition of such music as is required for concerts where chorus singing is a leading feature. The soloists engaged rank high. Mme. Fursch Madi has no equal as a dramatic soprano. Mlle. Augusta Ohrstrom, soprano, will make her American *debut* at this festival. Miss Marie Van is the solo soprano at Dr. Cuyler's Church, Brooklyn. Miss Gertrude Edmands is a refined and artistic contralto. Myron W. Whitney has a national reputation as a basso, and George J. Parker, the tenor, has received high praise for his work at the recent Worcester Festival. Joseffy is said to be the most noted pianist now living. The piano accompanist, Mrs. Martha Dana Shepard, has twice given satisfaction to Kingston audiences. To-night the last rehearsal, prior to the Festival, will be held in the Armory. The West Shore Railroad Company and the Wallkill Valley Railroad Company will issue special excursion tickets during festival week.

Season tickets for the festival are being sold at Winter's stores, up-town and down-town. Those who purchase early will have the choice of location and avoid the rush.

ODD FELLOWS FAIR.

There was a large attendance at the fair of C. S. Clay Lodge of Odd Fellows, of Kingston, at the Academy of Music, last night. The American Bohemian Glass Blowers continue to be an attraction. The fancy goods tables were liberally patronized, and many chances were taken in presents that will be given away on the last night of the fair. One of the alluring features of the entertainment for young folks is dancing. The tables are arranged so there is plenty of room for this pastime.

PHASES OF THE SEAMY SIDE NOTED.

A Case of Mayhem—Drunkenness and Crime in Recorder's Court To-Day.

On Thanksgiving night the poor-box of St. Patrick's Cathedral, at Newburgh, was robbed of $15.

Thieves raided the saw mill of John S. Roosa, near Eddyville, one night recently. They stole a leather belt valued at $40.

Peter M. Baum, a Red Hook attorney, is charged with forgery and deceit. He has been cited to appear before the General Term, at Brooklyn, on December 10, to answer the charges.

BEFORE RECORDER HUSSEY.

There were several cases tried in Recorder's Court, this City, this forenoon, and the fact was drawn out that with but one exception the prisoners arraigned had fallen into trouble through intemperance.

An old offender named James Ashley, arrested by Officer Kirby, 30 days.

Patrick McCarroll and Joseph Daly, while intoxicated, last night, raised a disturbance at the West Shore Depot. Thirty days.

Last night Officer Peter Cloonan saw a young man steal a hat from a show case on Union-avenue, Rondout. When taken before the Recorder the thief, who said his name was Cleary, pleaded guilty to petty larceny. Six months in the Albany Penitentiary.

About a year ago one Thomas Clark committed an assault, while intoxicated, on John Barnhart, a Delaware & Hudson Canal boatman. A warrant was issued for the arrest of Clark, who ran away. This forenoon Barnhart and a brother of Clark appeared before the Recorder and settled the case.

On complaint of an Ellenville young man Edward Wheeler, of Wilbur, was arraigned, charged with stealing $38 from the complainant, in Weehawken. As the alleged crime was committed in another State the Recorder discharged Wheeler for want of jurisdiction. It is believed that the Ellenvillian is mistaken in the person, as Wheeler has been working here for the past year for Alderman Purvis and bears a good character.

A CASE OF MAYHEM.

While two employes of the Wallkill Valley Railroad Company were amusing themselves with rough play, at Binnewater, on Monday, one of them became enraged and bit a piece out of the other's face, just above the eyes. The man who was thus injured was Bruyn VanAken, of this City. VanAken says he will have the man who injured him arrested for mayhem.

A GIRL STEALS A BARREL OF FLOUR.

Yesterday afternoon Stephen Staples missed a barrel of rye flour from in front of his place of business. The stolen property was found in the house of a widow, on Union-avenue. The woman's daughter, a 17-year-old girl, had placed the barrel of flour on a truck in broad daylight, while people were passing up and down the street, and carted it home.

Marlborough Matters.

The Sunday School pupils of the M. E. Church are arranging for a Christmas service.

The Alert Lawn Tennis Social was reorganized on Tuesday night at the residence of M. D. Kelly.

Cyrus Smith, a well known horseman, will have charge of a stable of horses in Marlborough this winter.

Jews Creek, these days, is only a creek in name. There is not water enough flowing through it to float a row-boat.

The Rev. John C. Henry, of Newburgh, will deliver a lecture in the South-Marlborough chapel on Sunday night.

Miss H. E. Berean died at her home here on Sunday forenoon. The funeral services were held at her late residence on Wednesday afternoon.

The Marlborough Choral Union held the first rehearsal of the season in Pythian Hall, on Monday evening. Professor E. L. Roberts, of New-Paltz, was the Conductor.

Egbert E. Hall died at the residence of his son on Sunday morning aged about 70 years. The funeral services were held in the Methodist Church on Wednesday afternoon.

Walking to the Landing or to the West Shore station was practically out of the question last week. The foot-path was covered with a loomy composition of mud and water to the depth of 12 inches.

The Literary Society met at the residence of H. H. Holden on Tuesday night. The following programme was given:

ULSTER CO. LAW-MAKERS.

ANOTHER SESSION OF THE BOARD OF SUPERVISORS HELD LAST NIGHT.

County Building to be Enlarged—Property In Kingston to be Purchased—Rifle Range to be Constructed in Armory — Equalization.

It is a fine thing to be pointed at with the finger, and to have it said: "That's he."—*Persius.*

The Ulster County Board of Supervisors met again in Kingston last night.

Supervisor VanEtten introduced an act to amend an act to prevent the taking of fish from certain parts of Esopus Creek, with any net—minnow net excepted—weir, fence, basket, trap or pot, poison or explosive material, etc., the amendment being "fishing by fair angling or trolling for any kind of fish in said waters is authorized and permitted from the thirtieth day of May to the first day of December, in each and every year, and is prohibited and declared unlawful from the first day of December to the thirtieth day of May." The penalty for each offence to be $10. Referred to the first Committee of the Whole.

The Chair appointed as a Committee on Heating and Ventilation Supervisors Benton, Spore and McMillin.

Supervisor Bennett moved to raise $250 on the town of Denning for roads and bridges. Over under the rule.

Supervisor Bennett moved that $250 be raised on the County for roads and bridges in the town of Denning. On motion of Supervisor Hasbrouck, referred to the Committee on Roads and Bridges.

Supervisor A. L. F. Deyo moved to raise on the town of Gardiner $1,370 for roads and bridges, and $100 for Overseer of the Poor. Over under the rule.

The report of the Special Committee on Legislation was adopted.

The report of the Committee to Investigate the Question of Enlarging the Ulster County Clerk's Office was brought up.

Supervisor Spore said that the Committee had the refusal of the Mrs. Ingalls property, adjoining the County building, on Fair-street, until Tuesday. Action must be taken soon. "It is the only chance to acquire property in connection with the office. It is handy, and has the advantage of heavy walls, so that a vault can be erected upon them at less expense than to build a new building."

Supervisor Block inquired if there was not plenty of land adjoining.

Supervisor Spore said there was only a small piece, owned by the County.

Supervisor Benton said the County Clerk's office was one of the most important in the County, as the records must be safely kept, and where they can be constantly referred to. He spoke favorably on the report of Committee.

A vote was taken which resulted: Ayes 21, noes 4. Those who voted "No" were Supervisors Block, VanTassel, Childs and Woolsey.

Supervisor Brink brought up the resolution to raise $100 on the County of Ulster for the purpose of constructing a rifle range in the Armory in this City.

John G. VanEtten, Captain of the Fourteenth Separate Company, was invited to address the Board. Mr. VanEtten said: "We have a company of 78 men. Our numbers have increased during the past year. We have been working hard to make a record in the County and State. The record of a company is taken mostly from scores made at rifle practice. We go out twice a year, under the Inspector General of Rifle Practice, and shoot at 200 and 500 yards. Upon those scores our record is made. We try to have as high a per cent. as we can. Some of the members of our company are clerks who had never handled a rifle until they joined the Company. They need practice. The State does not furnish ranges in armories. Such expense is incurred by Boards of Supervisors. Nearly every armory in the State is equipped with a range erected, with few exceptions, by appropriations from the County. Our only chance is to have aid from the Board of Supervisors. We cannot afford to pay the whole expense. We can only pay a part of it."

Supervisor Spore inquired: "What benefit would it be towards getting a record shooting at 153 feet, when the records are made on ranges at 200 and 500 yards?"

Captain VanEtten said: "Practice in the Armory is had with targets reduced in size according to the distance. The record is not taken from scores made in the Armory, but from field practice. Men cannot be good shots without practice. By practicing in the Armory they will make better scores on the range out-of-doors."

Supervisor Brink said: "It requires practice to make a good shot. In the next war, if we have one, a great deal will depend upon rifle shots."

The resolution was carried: Ayes, 21, noes, 4.

Captain VanEtten, in the name of the Company, thanked the Supervisors for their liberality.

The report of the Committee on Equalization was read. Supervisors Manchester and Molyneaux, who had signed the report, asked to have their names erased. The following is a copy of the equalization table as reported by the Committee:

The equalization report was signed by the following members of the committee: Supervisors VanEtten, Hasbrouck, Irving Deyo, Craft and VanTassell. Supervisors Manchester, Fitzgerald, Molyneaux, and Risely did not sign.

The report went over under the rule.

The Chair appointed on the purchase of the Ingalls property for enlarging the County Clerk's building, Supervisors Spore, Irving Deyo, A. L. F. Deyo and McMillin.

The Board adjourned until 7 o'clock this evening.

A Nyack Woman's Discovery.

A woman at West Nyack has discovered that if cream is put into a thick cloth, and buried in the ground for 24 hours, it will turn into butter without the trouble of churning. This discovery may change the process of making butter, and save much time and trouble for farmers' wives.

Charter Election in Hudson.

A dispatch from Hudson to THE FREEMAN to-day stated: The charter election held in this City, yesterday, resulted in the election of Henry L. Gregg, for Mayor, and the entire Democratic City ticket by an average majority of 300. The Democrats gain two Aldermen and the Mayor, making the Common Council a tie.

NEAT AND CLEAR-HEADED MEN

Abhor the idea of an attack of catarrh as they do the bite of a poison snake. Yet this foul and most disgusting disease is very common. In its first stages it occasions very little discomfort and is therefore liable to be neglected. It is an inflammation of the lining membrane of the mouth, nose and throat. The glands and membranes secrete a fluid to keep the mouth, nose and eyes moist. From cold, debility and other causes this fluid is apt to be too copious; that is catarrh. Flowing from the nostrils it causes weak and watery eyes, irritates the nose, causes sneezing and finally the coughing up and expectoration of the offensive matter. These droppings will sometimes collect so rapidly as nearly to choke the person. Unless promptly treated catarrh lasts for years, producing dreadful results. The ordinary symptoms are pain in the eyes and in the forehead over the eyes; a dull heavy headache; obstruction of the nasal passages; discharges falling into the throat, and a moist, offensive breath. On the first sign of its appearance Dr. Brown's Sarsaparilla should be taken to purify the blood, for catarrh is a blood disease. In chronic cases an immediate cure must not be expected; but this great regulator of the blood will, if its use be continued, afford speedy relief and final cure. Hay fever, or cold in the head, a disease of summer chiefly, has similar symptoms and is cured by the use of the same remedy. It is important to remember that catarrh, being neglected, or arrested, gradually creeps down into the wind pipe and lungs and may end in incurable consumption. You may easily and cheaply prevent this terrible calamity by the use of

NOTES ON NEWS OF THE DAY.

EX-SENATOR ROLLINS, who was believed a fortnight ago to have received a fatal stroke of paralysis in Boston, has recovered sufficiently to go home to Concord.

EX-SPEAKER COLE shows letters from 48 Republican Assemblymen containing what he calls iron-clad pledges for his election. This is sufficient to give him a majority in the caucus. Gen. Husted treats his claim with derision, and exhibits his usual ante-caucus confidence.

THE Kingston City Philharmonic Society has completed arrangements for its first annual festival, and in addition to a splendid chorus of 250 voices, it presents a list of noted singers seldom brought together at a musical festival. Lovers of good music will have a rare treat during the coming week.

THE deficiency in the Postoffice Department is down to $3,300,000, while the Treasury receipts still largely exceed the expenditures. The most popular plan to reduce the surplus would be to give the people one cent letter postage. The Republican party is pledged to this in its platform, and we shall have it before 1890.

SENATOR ALLISON denies that he has either been offered or accepted the portfolio of the Treasury Department. John C. New asserts that Gen. Harrison has not yet come to any conclusion as to a single one of his Cabinet officers. These two statements probably convey all genuine information concerning Cabinet arrangements that is available at present.

How the victory was won is explained on the second page of this issue in an article from the Philadelphia *Press*. Chairman Quay had the sagacity to enlist the foremost business men of the country as earnest workers and co-operators. It was a business campaign; the issue was one that appealed directly to business interests, and the business men made Harrison President.

IT is surprising that President Cleveland did not reiterate his views of the dangers of a second term in his last message. Having been entirely removed from those dangers himself by the people, he might with great propriety have offered a kindly warning to his successors. His case, if judiciously "improved," might have served as an example for the next century, and possibly have persuaded the people to regard second terms as objectionable as third. He has missed his last opportunity to get even with the man who defeated him.

WILLIAM ACKERT, who was engaged Saturday painting the new Manhattan bridge over the Harlem, accidentally fell from that structure into the water below, a height of 145 feet. He went down through a narrow space between several iron braces, and narrowly escaped striking the spiles below, with which the river is full. The water where he struck was only three feet deep, and he instantly arose and walked out without having received any injury, and returned to his work. The incident makes Steve Brodie sick with envy.

SOME ideas of the greatness of Dakota are given in the report of the Interior Department. The wheat crop of 1887 was 62,553,499 bushels. This was larger than the crop of any single state. Other crops were: Oats, 43,267,478; corn, 24,511,726; barley, 6,400,568, and flax, 3,910,944. The assessment roll for 1888 is $161,420,974, while the actual wealth is $320,000,000. The bonded indebtedness is $1,098,800. The railroad mileage is 4,353 miles. And this great empire is still deemed by Democrats undeserving of statehood because the people prefer another party.

THE total vote of the United States for President, not including Colorado, is 10,872,454. In 1884 the total vote was 10,052,706. The vote of Colorado that year was 65,971. Estimating the recent vote of that state at 80,000, the total increase in four years is 899,748. The states that did not increase their vote are Delaware, Maine, Mississippi and Nevada. The increase of New York was 149,991 or about one-sixth of the whole. Kansas gained 62,357 and Texas 32,066. Pennsylvania gained 98,680, Ohio 44,249, Minnesota 60,689, and Illinois 66,435. The North is gaining rapidly on the South, and the next apportionment will make a large transfer of Representatives and Electors to the former section.

GEN. HARRISON went gunning this morning, and will shoot amongst the game of Indian for two days. Nobody knows where he has gone except his family. This is to enable him to get away from hunters for office, who would otherwise go a-gunning for him. He has a new gun presented by an admirer in Syracuse, and will test its accuracy upon quail. It is double-barreled, hammerless, and ornamented with a gold plate on which is inscribed "Protection to American Industry." But the game of the woods do not like the protection of that gun. They prefer the one that David B. Hill carries. For Mr. Hill sometimes goes a hunting and takes a gun along, but his most intimate friends assert that he never fired a gun in his life.

IDLENESS in the state prisons is making the convicts sick, and the kind-hearted wardens take them out every day and march them around. On the outside of the prisons may be found thousands of fat and healthy idlers, who would regard a forced march with holy horror unless it brought them to a dinner at the end. Many of the feeble and failing inmates of the prisons belonged to this class when at home, and their old acquaintances will be surprised to learn that they are dying for lack of work. There is a vast amount of lying and humbuggery in our prison management. The solicitude of the officials, as the time for the assembling of the Legislature approaches, is for a fat appropriation with which to set in operation the prison industries that interfere with outside labor, and force honest and industrious men into idleness. The state will yet have to buy a penal colony in Alaska, and set the convicts to fencing themselves in with a Chinese wall.

IN CONGRESS THIS DAY

THE FIRE RECORD.

Valuable Property Destroyed in Several Localities.

A CRASH ON THE RAIL.

A Conductor Killed and Several Other Employes Injured in Ohio, this Morning.

By Telegraph to The Freeman.

WASHINGTON, Dec. 5.—In his opening prayer in the House, to-day, the Chaplain commended to the Almighty protection the President elect in the following words: "Amidst the perplexities by which he is beset under the solemn sense of responsibility of his great trust, grant him the sense of Thy presence and comfort, guard his person from all peril and danger, preserve him in perfect health of body and of mind, vouchsafe him light and cheer, and be Thou the strength of his heart and his portion forever."

Mr. Richardson, from the Committee on Printing, reported a resolution for the printing of 25,000 copies of the President's message. Adopted.

Bills introduced: By Mr. Oates, to regulate immigration. By Mr. Vandever, to divide the State of California into two states. By Mr. Morrow, a resolution calling on the Secretary of the Treasury for information concerning the relief of American whaling and fishing vessels in Behring Sea and the Arctic Ocean. By Mr. Stewart, of Georgia, to establish a graduated income tax, the proceeds of which shall be applied to the payment of pensions. By Mr. Anderson, of Kansas, a resolution directing the Inter-State Commerce Commission to inform the House, after due and prompt investigation, in what way and to what extent railway companies, carrying interstate traffic, may be, or are evading, or by clearing house or other form of combination, may be seeking to evade those provisions of the Interstate Commerce Act which were intended to secure to the people the benefits of low freight rates, as the result of competition among carriers. The Commission is requested to inform the House what legislation may be most effective to prevent combinations for the purpose of fixing or maintaining agreed or uniform freight rates. By Mr. Breckinridge, of Kentucky, making the International Copyright bill a special order for December 19. By Mr. Rayner, of Maryland, making the Postal Telegraph bill a special order for December 14. By Mr. Cummings, of New-York, for the construction of two steel cruisers to be armed with dynamite guns and torpedo throwers; also for the construction of two steel rams to be armed with heavy rifled dynamite guns and torpedo-throwers.

Mr. Springer asked unanimous consent for the immediate consideration of a resolution making the "omnibus" bill for the admission of Dakota, Montana, Washington and New-Mexico a special order for to-day—the bill to be considered from day to day until disposed of.

Mr. Grosvenor objected, remarking that the gentleman from Illinois had not appeared very anxious last session to admit Dakota. In the morning hour the House proceeded to consider the Senate bill, for the adjustment of the accounts of laborers, workmen and mechanics arising under the eight-hour law.

Mr. Tarsney [in charge of the bill] briefly explained that the bill carried no appropriation, but simply provided that the workmen could go before the Court of Claims and have there settled the question of the legal construction of the contract between themselves and the Government. If the Government had incurred an obligation it was in honor bound to pay it.

The House has made the direct tax bill a special order for Thursday, Saturday and Tuesday, a final vote to be taken at 4 o'clock on the latter day.

By Telegraph to The Freeman.

WASHINGTON, Dec. 6.—In the Senate, to-day, when the tariff bill was taken up at 12:30, Mr. Harris, of Tennessee, moved to lay on the table the aemndment to the House bill proposed by the Committee on Finance, which is the whole Senate bill, and demanded the yeas and nays.

Mr. Turpie, however, called for the reading of the amendment and it was proceeded with.

Mr. Harris motion was then rejected by a strict party vote, yeas 19, nays 26.

The Senate has agreed to take up the Union Pacific funding bill for consideration next Wednesday at 2 o'clock.

By Telegraph to The Freeman.

Conductor James Kennedy, of the passenger train, was instantly killed, and James McCoy, fireman, and Patrick Reilly, a brakeman, were fatally injured. Albert Lindsay, the engineer, was badly hurt, but will recover. Both engines and 10 cars were wrecked, involving a loss of $10,000. The conductor and the injured men all reside at Youngstown. SERIOUS FIRES REPORTED TO-DAY.

Thousands of Dollars' Worth of Property Go Up in Smoke in Places Far Apart.

By Telegraph to The Freeman.

CLEVELAND, O., Dec. 5.—The extensive lumber yards of Woods, Jenks & Co., at the west end of this City, were fired by an incendiary at 4 o'clock this morning. Five acres of sawed lumber were destroyed. Loss, $50,000. A week ago last Saturday night the same yards were set on fire, and $6,000 worth of lumber was burned.

SYRACUSE, N. Y., Dec. 5.—Fire last night destroyed the old Prescott School House, occupied by several manufacturing firms, and a four-story brick building, occupied by several other manufacturing concerns. The total loss will be about $60,000.

A portion of the Cortland Wagon Works, at Cortland, was burned at 1 o'clock, this morning. The flames originated in the blacksmithing department which was destroyed, together with the wood-working and finishing room. The works are extensive, and it was owing to the heroic efforts of the fire department that the rest of the buildings were saved. The Cortland Wagon Works are the chief industry at that place, affording employment to upwards of 500 men. State Treasurer Fitzgerald is President of the Company, Hugh Duffy Vice-President and Superintendent, and J. Straat Treasurer. The Company hold an insurance for $211,000, which will probably cover the loss. The loss on the three buildings burned will be upwards of $50,000, while upon stock and machinery it will range from $100,000 to $150,000. The cause of the fire is unknown, but it is believed to have been spontaneous combustion. The works will be rebuilt, as soon as the insurance is adjusted.

MONTREAL, Dec. 5.—Fire broke out last night in the warehouse of Lymen, Sons & Co., wholesale druggists, and caused a loss of $100,000. Four firemen were badly injured.

LAND OUT IN WYOMING.

JOHN BRIGHT VERY ILL.

His Death May Occur at Any Minute, 'Tis Said—Other Telegraph and Cable News.

By Telegraph to The Freeman.

CHICAGO, Dec. 5.—The *Times* says it is reported that eastern capitalists have been for some time considering a scheme that is of much greater magnitude than the collapsed clearing house arrangement. It provides for the creation of a syndicate which is to secure a controlling interest in all western railroads and manage them as one system. Railroad men who have been interviewed on the subject, however, say they know nothing about it.

The Chicago & Atlantic [Erie] has definitely determined not to accept the differential of five cents on dressed beef rates to New-York fixed for it by the meeting last week, but will make a differential of six and a half cents, or a rate of 43½ cents to New-York, that being on the basis of 15 per cent. of the regular rate as awarded to it by Chairman Fink last spring.

MORE LAND RECOVERED IN WYOMING.

It Will Now be Opened for Individual Settlement, and is All Available.

By Telegraph to The Freeman.

CHEYENNE, Wyoming, Dec. 5.—In the matter of 55 desert land entries, held for cancellation by the General Land Office, decisions were rendered yesterday by Register Wilson and Receiver Garrard, of the Cheyenne Land Office, which cancel 51 of the entries, covering 60,000 acres, and dismisses four. Forty-six of the entrymen live in New-York, Massachusetts and New-Jersey, five in Wyoming, and four cannot be found. The entries were made in the interest of Thomas Sturgis, the Union Cattle Company, and the Goshen Hole Irrigating Company, of this Territory. In each case the defense moved to dismiss for lack of jurisdiction, but the motions were overruled. The land which will be opened for individual settlement embraces one of the finest districts in Eastern Wyoming, and is all available as farming lands.

POPULAR VOTE FOR PRESIDENT.

The *Tribune* has compiled the popular vote for President and Vice-President from official returns received from all the states except Colorado. The plurality for Harrison in that state is known to be 12,643, and we have therefore included it in the statement. Lack of space prevents us from including the Prohibition and Union Labor votes. The Republican and Democratic votes and pluralities are as follows:

STATES. (38)	1888. VOTES. Rep. Harrison.	Dem. Cleveland.	PLURALITIES. Rep. Harrison.	Dem. Cleveland.

Totals	5,185,799	5,296,703	476,585	574,846
Plurality				98,261

The plurality for Cleveland is 98,261, against 23,005 in 1885, a gain of 75,256. The gains came wholly from states in which a free suffrage is not permitted. Here are the gains in the states that still permit only one party to vote;

Louisiana	38,567
Alabama	25,753
Mississippi	22,374
Texas	14,458
Georgia	13,695
Tennessee	9,618
Florida	8,889
Arkansas	5,178
South Carolina	3,928
Total	142,455

The gain for Cleveland in these nine states over 1884 is 142,455. On the other hand, he sustained losses in every other Southern state in which the shotgun policy has been abandoned. These losses occurred in Delaware, Kentucky, Maryland, Missouri, North Carolina, Virginia and West Virginia. Their aggregate in these seven states was 31,904, leaving to Mr. Cleveland a net gain in the entire South of 110,551, or 12,290 more than his entire plurality.

In the 22 Northern states Gen. Harrison's net gain over Mr. Blaine is 35,825. These are the states in which there is no intimidation or interference with a free ballot. The moral value of such gains is worth more than gains of millions in states which permit only one party to vote.

A report came from West Virginia this morning that an error has been found in a recount which elects another Democrat. This will probably reduce the Republican majority on Gen. Clark's roll to five. In the Chattanooga (Tenn.) district both candidates have certificates, the Republican from the Governor and the Democrat from the Secretary of State. Even should Clark accept the Secretary's attestation the Republicans would still have a majority of three. This is enough to organize the House, and do justice to those Republicans who have been counted out. The honest Republican majority is 21, and at that figure it will stand before the close of the first session.

NOTHING SUCCEEDS LIKE SUCCESS.

There was a charter election yesterday in New Haven, and the Republicans swept the city for the first time in twenty years. New Haven has always been reckoned a Democratic stronghold, good for from 1,500 to 4,000 majority. But the Republican candidate for Mayor has a majority of over 500. Had this thing happened in November, the electoral vote of the state would have been given to Harrison by 2,000 majority.

In Plainfield, N. J., there was a Republican clean sweep. This city voted for Cleveland, but yesterday it elected a Republican Mayor and came out of the contest with eight Republican Councilmen in a total of eleven.

In Lawrence, Mass., a city that has always maintained a solid Democratic government, the Republican candidate for Mayor was elected by 1,200 majority. Every Councilman and every Alderman is a Republican.

The people are quick to recognize the fact that the Republican party is back in power to stay, and they take the first opportunity to exhibit their good will. The "inside track" is of valuable advantage after all, notwithstanding Mr. Cleveland's miserable luck.

A DECEPTIVE REPORT.

Secretary Fairchild has made a queer juggle of figures in his annual report, the object being to show a big surplus. In his statement for 1888 he shows a surplus in excess of expenditures of $119,612,116, and then reports that $46,584,565 of this surplus was applied to the sinking fund. In the estimates for 1889 he finds a surplus of $104,000,000, and omits all reference to the sinking fund. In his estimates for 1890 he includes the sinking fund of $47,800,000, as he should have done in the other years, and brings the surplus down to $58,482,512. The sinking fund is provided for by law, and is as properly a permanent expenditure as the salaries of President and Cabinet officers. The addition of that fund to the surplus in one instance, and the omission to provide for it in another, are both acts of flagrant dishonesty, and prove Fairchild to be unfit for his place. Mr. Manning gave the sinking fund its proper position in his reports.

AN ADVISORY COMMITTEE.

Leading Business Men Lend a Hand in the Harrison and Morton Campaign.

[From the Philadelphia Press.]

The recent Republican national canvass had some features of organization and direction which had never before been tried. It had its business as well as its political side. The two elements co-operated with remarkable unity and efficiency, and their union gave peculiar force and character to the campaign. It is well that, in the midst of misunderstandings and misstatements, some phases of the work should be presented in their true light.

The Chicago Convention authorized the National Committee to appoint an Advisory Committee. Experience had demonstrated the wisdom of such provision. The selection of a National Committee is largely fortuitous; it may or may not embrace representatives of all the forces which it is important to enlist in a campaign; and with a view to any possible exigencies the power should rest somewhere of supplementing its organization. Strong as the present National Committee is, it determined to strengthen itself still further by using this authority. Chairman Quay and his associates made their selections with great care and judgment. They decided to constitute the Advisory Committee wholly of representative business men everywhere known for their high character and personal standing, and so to give the business element a new force and position in politics, with all of the higher tone and better influence and greater responsibility which this involves. The Committee thus came to be made up of such leaders in the business world as John Wanamaker and Thomas Dolan of Philadelphia, James Seligman, Cornelius N. Bliss, H. K. Thurber, H. O. Armour, William L. Strong, John F. Plummer and Augustus Kountze of New-York, W. H. Russell and William Whitman of Boston, H. Clay Frick and John W. Chalfant of Pittsburg, Charles P. Taft of Cincinatti, S. W. Allerton of Chicago and others of like standing.

This Committee, with a unanimous recognition of his pre-eminence, made Mr. Wanamaker its Chairman and at once entered upon its work. Besides consulting and advising, its mission was to provide the ways and means of the campaign. The legitimate expenses of a national political canvass have come to be enormous. There is a great educational work to be done; a vast literature to be created and circulated; an army of speakers to be brought into the field; various organizations to be made and mobilized; machinery to be perfected for getting out the full vote; safeguards to be provided against fraud; all the immense enginery for persuading and marshalling at every fighting point the last score among six million voters. The Advisory Committee was direct, straightforward and unremitting in its labors. It created auxiliary committees at the important centres, and addressed itself most earnestly to the business interests of the country. The appeal was frank and forcible: "As patriots you believe Republican success vital to the welfare of the country; as business men you have a great stake in the issue of the contest; every instinct of good citizenship and business impels you to do your full part; we of the committee share with you the stake, the labor and the responsibility; we undertake to see a proper expenditure; the work is yours and we are your agents."

The appeal, coming from such a source and presented in such a way, found a hearty response. There has never been a campaign in which the business interests of the country were so thoroughly and cordially enlisted as in that for General Harrison. There has never been a campaign in which the business element has taken so active, so direct and so potential a part. In this contest more than ever before it was brought immediately in contact with the directing and working forces. The business men everywhere felt that they were impressing themselves on the canvass. If they could not all personally participate in the decisive management they felt that they were there through their representatives. Their active interest had a most salutary effect in keeping up the standard of Republican control, and their influence stamped itself on the whole tone and character of the canvass. The committee was, what its name implied. It was essentially an advisory body. It did not stand on the outside, but sat at headquarters. Chairman Quay showed his conception of the campaign by calling such men to his aid and counsel, and it is an evidence of his own strength and sagacity that he summoned the strongest men about him and won their confidence and support.

It is well to remember this character of the organization when we see so much of misconception or wilful distortion. The National Committee was never before surrounded by such influences. It gave the highest practical evidence of the integrity of the campaign it proposed to fight when it shared its work and counsels with such a body. When men bemoan the use of money which has become inseparable from our elections, though the amount is exaggerated, let them remember and rejoice at the movement which brings the most trusted and responsible business representatives to guide it in proper directions. The able, adroit and experienced politicians of the Committee of course brought the resources of their political skill into play, but they did it through legitimate channels. They never doubted that in a fair trial on the issue presented the country was with General Harrison and the Republican party, and their problem was not to gain unfair advantages. They saw from the beginning that it was a campaign which peculiarly involved the business interests and welfare of the nation, and they took the wisest possible course to engage the active and well directed support of the business elements.

No other single step of the canvass was so important as the constitution of this Advisory Committee. It was a new departure in the management of national campaigns. It was the first time that the business forces had been brought into such immediate participation in the practical direction, and its whole effect was admirable. It increased the dignity and the moral strength of the National Committee; it attested the good faith and honorable purpose of that body; and it augmented the public confidence. Such an organization was made all the more indispensable in view of the fact that the old reliance upon the office-holders had ceased, and it becomes all the more valuable as inaugurating a new and better way. The enlistment of business men in politics is full of promise for the country, and not least among the good things of the memorable campaign of 1888 is the fact that it has witnessed their organized activity in more important and responsible relations than ever before.

RHEUMATISM

Is undoubtedly caused by lactic acid in the blood. This acid attacks the fibrous tissues, and causes the pains and aches in the back, shoulders, knees, ankles, hips and wrist. Thousands of people have found in Hood's Sarsaparilla a positive cure for rheumatism. This medicine, by its purifying action, neutralizes the acidity of the blood, and also builds up and strengthens the whole body.

The fountain of perpetual youth was one of the dreams of antiquity. It has been well-nigh realized in Ayer's Sarsaparilla, which purifies the blood, gives vitality to all the bodily functions, and thus restores to age much of the vigor and freshness of youth.

"Woman! be fair, we must adore thee;
Smile, and a world is weak before thee"!

But how can a woman smile when she is suffering untold misery from complaints from which we men are exempt? The answer is easy. Dr. Pierce's Favorite Prescription is an infallible remedy in all cases of "female weakness," morning sickness, disorders of the stomach, nervous prostration, and similar maladies. As a powerful invigorating tonic it imparts strength to the whole system, and to the womb and its appendages in particular. As a soothing and strengthening nervine it subdues nervous excitability, irritability, exhaustion, prostration, hysteria, spasms and other distressing, nervous symptoms, commonly attendant upon functional and organic disease of the womb. It induces refreshing sleep and relieves mental anxiety and despondency. Sold by druggists, under a positive guarantee, from the manufacturers, to give satisfaction.

I have had catarrh for 20 years, and used all kinds of remedies without relief. Mr. Smith, druggist, of Little Falls, recommended Ely's Cream Balm. The effect of the first application was magical, it allayed the inflammation and the next morning my head was as clear as a bell. One bottle has done me so much good that I am convinced its use will effect a permanent cure. It is soothing, pleasant and easy to apply, and I strongly urge its use by all sufferers. HOW I SUFFERED.

Seventeen Years from a Skin Disease. Could Not Walk or Dress Myself. A Mass of Disease from Head to Foot. Cured in Eight Weeks by the Cuticura Remedies.

At the age of three months a rash [which afterwards proved to be eczema or salt rheum] made its appearance on my face. A physician was called. He said teething was the cause; he prescribed some cooling medicine, but the sores spread to my ears and head. Another M. D. was called. He professed to know all about the case, called it "King's Evil," and prescribed gunpowder, brimstone and lard mixed into a salve; but the disease continued. They could not do anything with it. Another prescribed borax, water and flour; another linseed poultices. None of them did me any good at all, but made me worse. The disease continued unabated; it spread to my arms and legs, till I was laid up entirely and from continually sitting on the floor on a pillow my limbs contracted so that I lost all control of them and was utterly helpless. My mother would have to lift me out and into bed. I could get around the house on my hands and feet, but I could not get my clothes on at all and had to wear a sort of dressing gown. My hair had all matted down or fallen off and my head, face and ears were one scab, and I had to have a towel on my head all the time in the summer to keep the flies off. My parents consulted a prominent physician and surgeon in Chicago [the other physicians before mentioned were of Dundas and Hamilton, Canada]. He said he could do nothing for me. He wanted to cut the sinews of my legs so that I could walk, but I would not let him, for if I did get better I would have no control of them.

The disease continued in this manner until I was 17 years old, and one day in January, 1879, I read an account in the Tribune of your Cuticura Remedies. It described my case so exactly that I thought, as a last resort, to give them a trial.

When I first applied them I was all raw and bleeding, from scratching myself, but I went asleep almost immediately, something I had not done for years, the effect was so soothing.

In about two weeks I could stand straight, but not walk, I was so weak, but my sores were nearly well. As near as I can judge the Cuticura Remedies cured me in about six to eight weeks and up to this date [i. e. from January, 1879, to January, 1887] I have not been sick in any way, or have had the least signs of the disease reappearing on me.

Constitutional Catarrh.

No single disease has entailed more suffering or hastened the breaking up of the constitution than Catarrh. The sense of smell, of taste, of sight, of hearing, the human voice, the mind,—one or more and sometimes all, yield to its destructive influence. The poison it distributes throughout the system attacks every vital force, and breaks up the most robust of constitutions. Ignored, because but little understood, by most physicians, impotently assailed by quacks and charlatans, those suffering from it have little hope to be relieved of it this side of the grave. It is time, then, that the popular treatment of this terrible disease by remedies within the reach of all passed into hands at once competent and trustworthy. The new and hitherto untried method adopted by Dr. Sanford in the preparation of his RADICAL CURE has won the hearty approval of thousands. It is instantaneous in affording relief in all head colds, sneezing, snuffling and obstructed breathing, and rapidly removes the most oppressive symptoms, clearing the head, sweetening the breath, restoring the senses of smell, taste and hearing, and neutralizing the constitutional tendency of the disease towards the lungs, liver and kidneys.

SANFORD'S RADICAL CURE consists of one bottle of the RADICAL CURE, one box of CATARRHAL SOLVENT, and an IMPROVED INHALER, price $1.

★ OH ! MY HEAD!! ★

Suffering of a New Jersey Senator—Dyspepsia, Sick Headache—Terrible Things.

When the stomach is torpid it soon becomes clogged with half digested matters, the blood becomes vitiated and foul; the other organs fail to act normally and induces a train of symptoms, such as dyspepsia, sick headache, dizziness, drowsiness, palpitation of the heart, pain in the back, loss of appetite.

"There are few things that I believe in with all my heart and it affords me pleasure to tell of one of them." The speaker was ex-Senator Albert Merritt, head of the large fruit firm, 82 Park Place, N. Y., and the scene his office. "I was sick and feared I had become fated to endure the

Tortures of Dyspepsia

And a dangerous affection of the kidneys. A relative said to me, 'Why don't you try Dr. Kennedy's Favorite Remedy, made at Rondout, N. Y.' I did so. I grew steadily better. I could eat, digest, sleep, and work with a clearer head and the yellow color of my skin had given place to the tones that announce pure blood and every organ of the body in healthy action. Dr. Kennedy's Favorite Remedy is entitled to the credit of saving my life. If any one has a doubt about the truth of my statements let him write to me. I can give you the names and addresses of fifty persons who affirm, as I do, that 'Favorite Remedy' has been to them a help and a blessing in time of need." A. DeRevere, Tarrytown, N. Y., says: "For a long time I was troubled with severe attacks of dizziness and

Blind Sick Headache

Due to impure blood and a disordered state of the system. I was advised to try Dr. Kennedy's Favorite Remedy, of Rondout, N. Y. I did so and have been completely cured. It's the best thing I ever heard of for any disorder of that nature and I have recommended it to many with like success." Daniel Fitts, Taunton, Mass., says: "I recommend Dr. Kennedy's Favorite Remedy for dysyepsia and sick headache. I suffered for many years with these complaints and was cured by

Dr. Kennedy's Favorite Remedy."

FOR WOMEN.

Are you wasting slowly but surely away from the effects of female weaknesses ? Are you wan, pale, and nervous ? Do you not sometimes feel that life is losing its attractions, and that you are gradually sinking into a decline which, if not taken in hand promptly, will end in an early death ? Yes, you have felt all these things, and doubtless know that tens of thousands of once rosy cheeked, plump, healthy girls and women go into their graves every year solely because these weaknesses were allowed to sap up the well springs of life till nature could no longer stand the strain. There is not a sensible maid, wife or mother who will not appreciate as more valuable than gold and precious stones Dr Fontaine's new remedy **PALMETTO**, which is safe, sure, and speedy in curing the worst case of female weakness.

NEWS BY CABLE, TELEGRAPH AND BY MAIL TO-DAY.

Missionaries Expelled From Russia—The Panama Canal—Affairs of Germany And Spain—Lord Churchill Criticised—Vicinity News.

By Cable, Telegraph and Mail to The Freeman.

LONDON, Dec. 5.—The *Standard* says with regard to the attack of Lord Randolph Churchill on the Government, last night, that the Government do not owe their victory to any excess of consideration on the part of their late colleague. His sense of public duty must be morbidly acute when it blunts commonplace instincts of courtesy and fair play. The disloyalty of the escapade is only exceeded by its childish conception of military statecraft.

The *Times* thinks there was a deal of justification for the protest. It must not be supposed, it says, that the majority obtained indicates a general approval of the Government policy. It was, however, inexcusable to spring the motion without the usual notice.

The *News* approves Churchill's course.

The *Chronicle* thinks Churchill's action treacherous and cowardly because he failed to have the courage to defend the only alternative open to the Government, namely, the abandonment of Suakim and Egypt.

The *Telegraph* says: "Lord Randolph Churchill may be credited with perfectly proper and patriotic motives, but apparently he had no other policy to suggest."

The *Post* says it is glad Parliament voted against assuming a responsibility properly belonging to the Executive Government.

ABOUT FRANCE AND BOULANGERISM.

Will Government Allow the General Full Swing, to Destroy Himself?

By Cable to The Freeman.

LONDON, Dec. 5.—The Boulangist Committee at Paris, finding that a number of adherents objected to the proposal to support the Royalist candidate in Ardennes, has been obliged to adopt a resolution that no candidate is entitled to style himself a Boulangist unless he clearly accepts the programme of republican revision.

The French Government's intentions in dealing with Boulangism will be disclosed in the Chamber of Deputies in the course of a debate about to be raised on a question asked by M. Jouvencel, Radical, as to what measures have been taken to insure respect for the established Government.

In Premier Floquet's circle it is asserted that the Government's policy is to allow General Boulanger full swing to destroy himself.

RUSSIA'S INCREASING ARMAMENTS.

What May be the Outcome of the Situation in Persia.

By Cable to The Freeman.

LONDON, Dec. 5.—The *Cologne Gazette*, in an article on the armaments of Russia, says: "Russia is not meditating an immediate breach of the peace, but is gradually mobilizing and making colossal preparations for the conflict which is possible at any moment through developments in Bulgaria, and which she considers inevitable. It behooves Germany, therefore," the paper continues, "to be wise in her generation while trusting to the approved wisdom and resources of her great Chancellor. Russia will dispatch a peremptory demand to the Persian Government to grant an exequatur to the Russian Consul at Mishel."

Panama Canal Shares Decline.

By Cable to The Freeman.

LONDON, Dec. 5.—Panama Canal shares yesterday declined to 160, but subsequently advanced and closed at 165 on rumors that financial houses, under the Government's guarantee, would assist the Company. There is no reason, however, to suppose that the Government has altered its recent decision regarding a guarantee.

Germany and Spain.

By Cable to The Freeman.

LONDON, Dec. 5.—The relations between Germany and Spain are becoming decidedly unpleasant owing to the hostility of Senor Armijo, Spanish Minister of Foreign Affairs, to the triple alliance.

Articles Left by Emperor Frederick.

By Cable to The Freeman.

LONDON, Dec. 5.—Ex-Empress Frederick brought with her to England six immense trunks crammed with precious articles left by Emperor Frederick.

Missionaries Expelled from Russia.

By Cable to The Freeman.

LONDON, Dec. 5.—The Government of Lithuania, Russia, has expelled all English Protestant missionaries from that province.

DR. DAVID KENNEDY,

Discoverer and Proprietor of Cherry Balsam, not in a position to risk his reputation upon the success or failure of any preparation as to whose merits a single doubt exists in his own mind, and in recommending the Cherry Balsam for Coughs, Colds, Asthma, Bronchitis, and all bronchial pulmonary affections, he does so with the greatest confidence, having had the most gratifying results follow the use of Cherry Balsam, which he has prescribed for a long time in his private practice. The value of this preparation cannot be overestimated, and even were Dr. Kennedy's own assurance incredible the testimony of the hosts who have used it cannot be impeached. Cherry Balsam will prove effective in many cases of Incipient Consumption; also in Bronchitis and Asthma, where other preparations have not even afforded relief.

It is prompt in its effects, and is therefore a most reliable medicine to use in all complaints such as Croup, Whooping Cough and Hoarseness. A careful trial of Cherry Balsam will prove its superiority over similar preparations.

As Related by the Rev. Dr. Osbon.

The Rev. Dr. Osbon lectured in the Clinton-Avenue M. E. Church, Kingston, on Monday night. He said this scene occurred at a hotel at Niagara Falls: The guests were seated at tables in the dining-room. There was nothing on the tables except linen covers. Suddenly an orchestra, at one end of the room, struck up a lively air, and a small army of waiters marched in and laid knives and forks, dishes, etc., on the tables. Another tune was played and the waiters appeared with the first course of the dinner. This performance was repeated with each course. An old Yankee, who was in the room, could not stand the strain of this sort of thing and he exclaimed: "I'll be gosh derned, ef I haven't traveled this ere airth all over, but I'll be dod wolloped ef this aren't the fust time I iver hed my dinner fiddled into me."

Recalling the Cholera Scourge Here.

An amusing incident occurred during the cholera scourge here. Rondout at that time was but sparsely settled. Union-avenue was a bank of sand. One night a man, believed to have been stricken with the disease, but who in reality was "dead drunk," was found lying on the avenue. He was carried to the hospital. In the morning a coffin was deposited between the drunken fellow's cot and another cot on which was a dead man. The inebriate rolled over on his side and saw the coffin, and believed that it was for him. He gave a yell, jumped out of bed, ran down stairs, and made tracks up the avenue. He was bare-headed and in his shirt-sleeves. People who saw him took him to be crazy and gave chase. The fellow ran like a deer, shouting at the top of his voice: "I'll not be buried alive!" He made his escape, and was never seen in Rondout again.

A Rondout Man Missing.

Thomas Penny, a builder, left his home on Hunter-street, Rondout, at about 5 o'clock, yesterday morning. He has not been seen since, although search has been made for him by friends. Those who knew Penny intimately hint that anxiety over business matters has unsettled his mind, and he has wandered away fom home. Recently Penny's partner in business died, which greatly depressed him. Penny had two contracts under way, one in Kingston and the other in Jacob's Valley.

What a Bull Dog Here Can Do.

John Turck, of Rondout, is the owner of a white bull dog that he says can climb a ladder "as good as any man." Yesterday, Mr. Turck said that the dog followed him up the rigging of a schooner at Ponckhockie. The dog went up the rounds of the rope ladder paw over paw, while the sailors gazed in wonderment. The canine has been named "Sailor Jack."

FAIR-STREET CHURCH BAZAAR.

A bazaar, under the auspices of the members of the Ladies' Aid Society of the Fair-Street Reformed Church, Kingston, was opened in the lecture room of that Church, this afternoon. Westbrook and Mrs. William M. Cooper. Confectionery and dolls' tables are looked after by Mrs. Dr. G. C. Sanders. Miss Mary Westbrook has charge of the fish pond. The supper room, which presents many attractions, is presided over by Mrs. W. S. Gillespie. Mrs. J. O. Swart is in charge of the ice cream booth. A turkey supper will be served until 8 o'clock this evening and a New-England supper between the hours of 5 to 8 o'clock to-morrow. The officers of the Society are as follows: Mrs. S. D. What a Man Cannot Do.

[From an Exchange.]

Here are some things a man cannot do: Smile through his tears; make a crying baby smile; put in a pin that will hold; wither a rival with a glance; talk with his mouth full of pins; carry his car fare in his mouth; make love to two girls in the same room; get a number six foot into a number three shoe; remain self-possessed when there is a pin sticking into him; read a book at the window and criticise everybody that passes; spend the whole day shopping when he doesn't want to buy anything; tell to a ribbon what another person has on with one look; put a pressure of a hundred pounds around his waist and then look contented; invite a person to tea with smiles and pleadings when he doesn't want him to come. Men think themselves smart, but there are many things yet that they cannot do.

Two Romantic Young Folks Married.

Pollopel's Island is a small rock in the Hudson River, at the north gate of the Highlands, about three acres in extent, until recently uninhabited, when a fisherman and his wife built a house and took up their abode there. Yesterday they were surprised to see landing from a small-boat on the shore, the Rev. George P. Noble, a Cornwall clergyman, accompanied by a young man and woman. They said they had come there to perform the marriage ceremony. They were invited into the house and the twain were made one flesh. The bride was Miss Francis Malone, of Amenia, N. Y., and the groom was J. Merical, of Fishkill. Because it was novel is the only reason known why they chose to be married there.

An Insurance Test Case.

A dispatch from Troy to THE FREEMAN, to-day, stated: In 1886, Nathan Klein, of New-York, who was then a collar manufacturer in this City, began suits against 18 insurance companies to recover $40,000 insurance and interest for loss from a fire in November, 1883. The companies refused to pay the insurance. A Referee's report, to-day, gives a decision in favor of the plaintiff against the Continental Insurance Company. The action was made a test case, and practically decides the others.

New Ferry-boat for Highland.

[From the Poughkeepsie Courier, Dec. 2.]

The contract for the new ferry-boat, to take the place of the J. C. Doughty, has been awarded to T. S. Marvel & Co., of Newburgh. The new vessel is to be finished by the first of June next. It is to be 120 feet over all and 53 feet wide. The hull will be of steel, the beam steel, the combings steel, and the side houses and bulkheads iron. The wheels will have iron arms, steel rims, and steel buckets. The boat when finished and in running order will cost about $50,000.

Affairs of Local Railroads.

Travel on the Hudson River Railroad is heavy.

The Cario Railroad will discontinue business for the winter, December 10.

The annual meeting of the Ulster & Delaware Railroad Company was held yesterday afternoon. The following Directors were elected: Hon. Thomas Cornell, A. S. Staples, H. C. Soop, R. G. Townsend, A. Benson, E. McNeil, T. C. Hornbeck, Charles Bray, Davis Winne, R. B. Jones and R. B. Carpenter.

Saugerties Happenings.

Mrs. Lavyah Barakat, a native Syrian, has been secured by the Ladies' Missionary Society connected with the Reformed Church, to give a lecture on "The Orient," this month.

The Rev. F. Scudder, a student in the New-Brunswick Theological Seminary, preached to large audiences at the Flatbush and Glasco Reformed Churches, Sunday.

IN THE THEATRES OF THIS CITY.

Attractions at Kingston Opera House and at Liscomb's, Rondout—Fair, Etc.

Hyde's Specialty Company, Liscomb's Opera House, Rondout, Saturday evening.

"Over the Garden Wall" will be on the boards at Kingston Opera House, on Thursday and Friday evenings. It is a farcical comedy, and usually "draws well."

The Silver Lake Quartette will sing in the Rondout M. E. Church this evening, under the auspices of the local lodge of Good Templars. Concerning the singers the *Memphis Avalanche* has said: "The songs of the Silver Lake Quartette captivated all."

Concerning James O'Neill, who is booked to appear at Kingston Opera House, on December 11 and 12, the *New-York Times* is credited with having said this: "Niblo's Garden was packed from parquette to gallery to welcome this favorite young actor's characterization of Edmond Dantes and Count of Monte Cristo, which are well known to the Metropolitan stage. But the play itself is one which never loses its charm. In Monte Cristo Mr. O'Neill acts with energy, force and pathos."

KINGSTON PHILHARMONIC SOCIETY.

The various committees in charge of the arrangements for the musical festival to be given in the Academy of Music, this City, on five days of next week, have attended well to their duties; and it is believed by all interested that the festival will be a success. The newspapers along the Hudson River have printed flattering notices. The chorus will be the largest ever assembled for similar work in this City. Many of the leading voices of sister cities and villages along the Hudson Valley have promised to lend their aid. The chorus will be composed of singers who not only have the first requisite for chorus work—good voices—but also have had more preliminary practice than any large chorus ever heard here. It is expected there will be at least 400 voices at the various concerts. The chorus singing will be supplemented by Blaisdell's Orchestra, of Boston, the members of which are efficient in the rendition of such music as is required for concerts where chorus singing is a leading feature. The soloists engaged rank high. Mme. Fursch Madi has no equal as a dramatic soprano. Mlle. Augusta Ohrstrom, soprano, will make her American *debut* at this festival. Miss Marie Van is the solo soprano of Dr. Cuyler's Church, Brooklyn. Miss Gertrude Edmands is a refined and artistic contralto. Myron W. Whitney has a national reputation as a basso, and George J. Parker, the tenor, has received high praise for his work at the recent Worcester Festival. Joseffy is said to be the most noted pianist now living. The piano accompanist, Mrs. Martha Dana Shepard, has twice given satisfaction to Kingston audiences. To-night the last rehearsal, prior to the Festival, will be held in the Armory. The West Shore Railroad Company and the Wallkill Valley Railroad Company will issue special excursion tickets during festival week.

Season tickets for the festival are being sold at Winter's stores, up-town and down-town. Those who purchase early will have the choice of location and avoid the rush.

ODD FELLOWS FAIR.

There was a large attendance at the fair of C. S. Clay Lodge of Odd Fellows, of Kingston, at the Academy of Music, last night. The American Bohemian Glass Blowers continue to be an attraction. The fancy goods tables were liberally patronized, and many chances were taken in presents that will be given away on the last night of the fair. One of the alluring features of the entertainment for young folks is dancing. The tables are arranged so there is plenty of room for this pastime.

PHASES OF THE SEAMY SIDE NOTED.

A Case of Mayhem—Drunkenness and Crime in Recorder's Court To-Day.

On Thanksgiving night the poor-box of St. Patrick's Cathedral, at Newburgh, was robbed of $15.

Thieves raided the saw mill of John S. Roosa, near Eddyville, one night recently. They stole a leather belt valued at $40.

Peter M. Baum, a Red Hook attorney, is charged with forgery and deceit. He has been cited to appear before the General Term, at Brooklyn, on December 10, to answer the charges.

BEFORE RECORDER HUSSEY.

There were several cases tried in Recorder's Court, this City, this forenoon, and the fact was drawn out that with but one exception the prisoners arraigned had fallen into trouble through intemperance.

An old offender named James Ashley, arrested by Officer Kirby, 30 days.

Patrick McCarroll and Joseph Daly, while intoxicated, last night, raised a disturbance at the West Shore Depot. Thirty days.

Last night Officer Peter Cloonan saw a young man steal a hat from a show case on Union-avenue, Rondout. When taken before the Recorder the thief, who said his name was Cleary, pleaded guilty to petty larceny. Six months in the Albany Penitentiary.

About a year ago one Thomas Clark committed an assault, while intoxicated, on John Barnhart, a Delaware & Hudson Canal boatman. A warrant was issued for the arrest of Clark, who ran away. This forenoon Barnhart and a brother of Clark appeared before the Recorder and settled the case.

On complaint of an Ellenville young man Edward Wheeler, of Wilbur, was arraigned, charged with stealing $38 from the complainant, in Weehawken. As the alleged crime was committed in another State the Recorder discharged Wheeler for want of jurisdiction. It is believed that the Ellenvillian is mistaken in the person, as Wheeler has been working here for the past year for Alderman Purvis and bears a good character.

A CASE OF MAYHEM.

While two employes of the Wallkill Valley Railroad Company were amusing themselves with rough play, at Binnewater, on Monday, one of them became enraged and bit a piece out of the other's face, just above the eyes. The man who was thus injured was Bruyn VanAken, of this City. VanAken says he will have the man who injured him arrested for mayhem.

A GIRL STEALS A BARREL OF FLOUR.

Yesterday afternoon Stephen Staples missed a barrel of rye flour from in front of his place of business. The stolen property was found in the house of a widow, on Union-avenue. The woman's daughter, a 17-year-old girl, had placed the barrel of flour on a truck in broad daylight, while people were passing up and down the street, and carted it home.

Marlborough Matters.

Landing-street may be widened in the spring.

The "Marlborough Debating Club" is the name of a new society.

W. H. Newman has been visiting M. F. Wygant, in Rondout.

A fair will be held this month by the Society of Willing Workers.

A. H. Corwin, of Toledo, Ohio, has been visiting Samuel Corwin here.

The Sunday School pupils of the M. E. Church are arranging for a Christmas service.

The Alert Lawn Tennis Social was reorganized on Tuesday night at the residence of M. D. Kelly.

Cyrus Smith, a well known horseman, will have charge of a stable of horses in Marlborough this winter.

Jews Creek, these days, is only a creek in name. There is not water enough flowing through it to float a row-boat.

The Rev. John C. Henry, of Newburgh, will deliver a lecture in the South-Marlborough chapel on Sunday night.

Miss H. E. Berean died at her home here on Sunday forenoon. The funeral services were held at her late residence on Wednesday afternoon.

The Marlborough Choral Union held the first rehearsal of the season in Pythian Hall, on Monday evening. Professor E. L. Roberts, of New-Paltz, was the Conductor.

Egbert E. Hall died at the residence of his son on Sunday morning aged about 70 years. The funeral services were held in the Methodist Church on Wednesday afternoon.

Walking to the Landing or to the West Shore station was practically out of the question last week. The foot-path was covered with a loomy composition of mud and water to the depth of 12 inches.

The Literary Society met at the residence of H. H. Holden on Tuesday night. The following programme was given:

Recitation	A. J. Appleby
Paper, "Life of Hood"	J. F. Harris
Reading, "Colonial History"	W. P. Miller
Recitation	W. J. Cavwood

ULSTER CO. LAW-MAKERS.

ANOTHER SESSION OF THE BOARD OF SUPERVISORS HELD LAST NIGHT.

County Building to be Enlarged—Property In Kingston to be Purchased—Rifle Range to be Constructed in Armory—Equalization.

It is a fine thing to be pointed at with the finger, and to have it said: "That's he."—*Persius.*

The Ulster County Board of Supervisors met again in Kingston last night.

Supervisor VanEtten introduced an act to amend an act to prevent the taking of fish from certain parts of Esopus Creek, with any net—minnow net excepted—weir, fence, basket, trap or pot, poison or explosive material, etc., the amendment being "fishing by fair angling or trolling for any kind of fish in said waters is authorized and permitted from the thirtieth day of May to the first day of December, in each and every year, and is prohibited and declared unlawful from the first day of December to the thirtieth day of May." The penalty for each offence to be $10. Referred to the first Committee of the Whole.

The Chair appointed as a Committee on Heating and Ventilation Supervisors Benton, Spore and McMillin.

Supervisor Bennett moved to raise $250 on the town of Denning for roads and bridges. Over under the rule.

Supervisor Bennett moved that $250 be raised on the County for roads and bridges in the town of Denning. On motion of Supervisor Hasbrouck, referred to the Committee on Roads and Bridges.

Supervisor A. L. F. Deyo moved to raise on the town of Gardiner $1,370 for roads and bridges, and $100 for Overseer of the Poor. Over under the rule.

The report of the Special Committee on Legislation was adopted.

The report of the Committee to Investigate the Question of Enlarging the Ulster County Clerk's Office was brought up.

Supervisor Spore said that the Committee had the refusal of the Mrs. Ingalls property, adjoining the County building, on Fair-street, until Tuesday. Action must be taken soon. "It is the only chance to acquire property in connection with the office. It is handy, and has the advantage of heavy walls, so that a vault can be erected upon them at less expense than to build a new building."

Supervisor Block inquired if there was not plenty of land adjoining.

Supervisor Spore said there was only a small piece, owned by the County.

Supervisor Benton said the County Clerk's office was one of the most important in the County, as the records must be safely kept, and where they can be constantly referred to. He spoke favorably on the report of Committee.

A vote was taken which resulted: Ayes 21, noes 4. Those who voted "No" were Supervisors Block, VanTassel, Childs and Woolsey.

Supervisor Brink brought up the resolution to raise $100 on the County of Ulster for the purpose of constructing a rifle range in the Armory in this City.

John G. VanEtten, Captain of the Fourteenth Separate Company, was invited to address the Board. Mr. VanEtten said: "We have a company of 78 men. Our numbers have increased during the past year. We have been working hard to make a record in the County and State. The record of a company is taken mostly from scores made at rifle practice. We go out twice a year, under the Inspector General of Rifle Practice, and shoot at 200 and 500 yards. Upon those scores our record is made. We try to have as high a per cent. as we can. Some of the members of our company are clerks who had never handled a rifle until they joined the Company. They need practice. The State does not furnish ranges in armories. Such expense is incurred by Boards of Supervisors. Nearly every armory in the State is equipped with a range erected, with few exceptions, by appropriations from the County. Our only chance is to have aid from the Board of Supervisors. We cannot afford to pay the whole expense. We can only pay a part of it."

Supervisor Spore inquired: "What benefit would it be towards getting a record shooting at 153 feet, when the records are made on ranges at 200 and 500 yards?"

Captain VanEtten said: "Practice in the Armory is had with targets reduced in size according to the distance. The record is not taken from scores made in the Armory, but from field practice. Men cannot be good shots without practice. By practicing in the Armory they will make better scores on the range out-of-doors."

Supervisor Brink said: "It requires practice to make a good shot. In the next war, if we have one, a great deal will depend upon rifle shots."

The resolution was carried: Ayes, 21, noes, 4.

Captain VanEtten, in the name of the Company, thanked the Supervisors for their liberality.

The report of the Committee on Equalization was read. Supervisors Manchester and Molyneaux, who had signed the report, asked to have their names erased. The following is a copy of the equalization table as reported by the Committee:

NEAT AND CLEAR-HEADED MEN
Abhor the idea of an attack of catarrh as they do the bite of a poison snake. Yet this foul and most disgusting disease is very common. In its first stages it occasions very little discomfort and is therefore liable to be neglected. It is an inflammation of the lining membrane of the mouth, nose and throat. The glands and membranes secrete a fluid to keep the mouth, nose and eyes moist. From cold, debility and other causes this fluid is apt to be too copious; that is catarrh. Flowing from the nostrils it causes weak and watery eyes, irritates the nose, causes sneezing and finally the coughing up and expectoration of the offensive matter. These droppings will sometimes collect so rapidly as nearly to choke the person. Unless promptly treated catarrh lasts for years, producing dreadful results. The ordinary symptoms are pain in the eyes and in the forehead over the eyes; a dull heavy headache; obstruction of the nasal passages; discharges falling into the throat, and a moist, offensive breath. On the first sign of its appearance Dr. Brown's Sarsaparilla should be taken to purify the blood, for catarrh is a blood disease. In chronic cases an immediate cure must not be expected; but this great regulator of the blood will, if its use be continued, afford speedy relief and final cure. Hay fever, or cold in the head, a disease of summer chiefly, has similar symptoms and is cured by this remedy in the same way. It is important to remember that catarrh, being neglected, or arrested, gradually creeps down into the wind pipe and lungs and may end in incurable consumption. You may easily and cheaply prevent this terrible calamity by the use of
